An Internal Treatment For Piles (Hemorrhoids)

Gives Absolute Relief From All Pain and Suffering. Has Never Failed. Guaranteed.

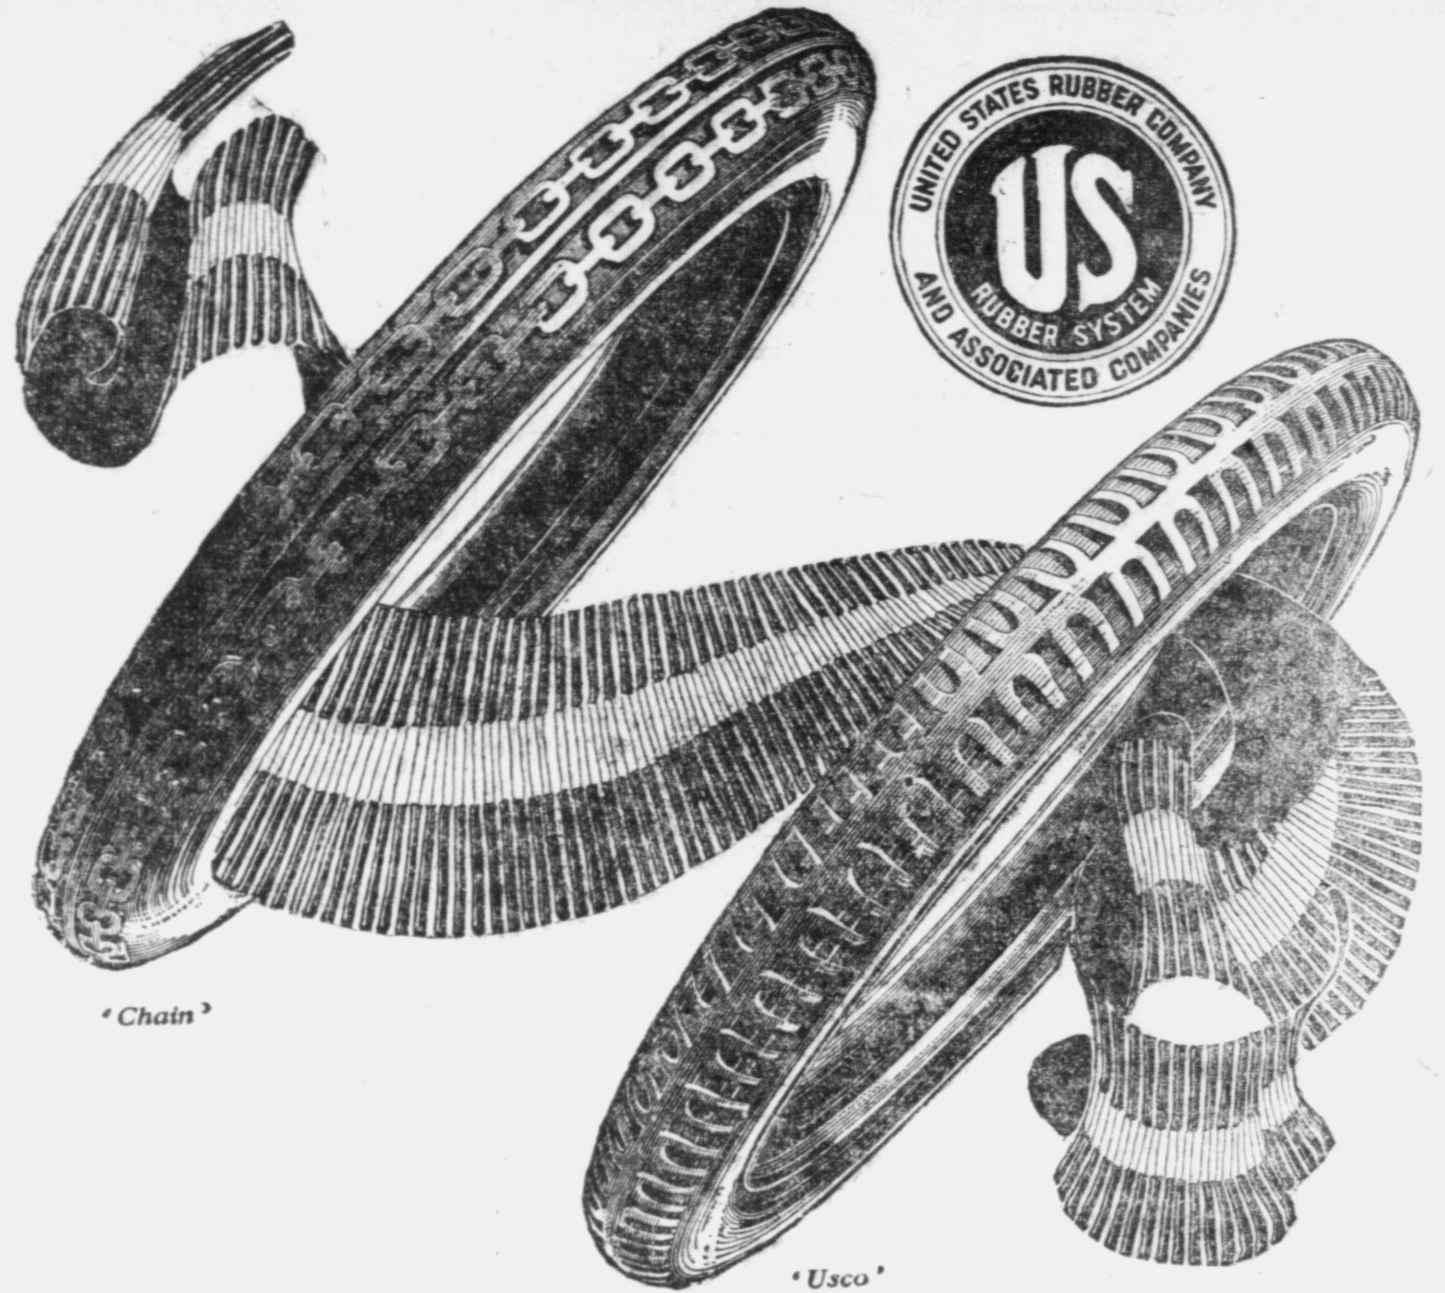

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever, Ohio chemist, that taken internally passes unchanged through the stomach and intestines, and thus reaches the source of the trouble, where by its soothing, healing antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. (Adv.)

Buy Tires of Known Quality

The steady usefulness of your car depends on good tires. Economy depends on good tires.

United States Tires are good tires. That's why we handle them. Take no chances with unknown quality. Buy United States Tires,

FINDS RACING FAME
HAS ITS DRAWBACKS

EDDIE PULLEN

Eddie Pullen, winner of the 1914 Grand Prize at Santa Monica, and star contender in the Indianapolis 500-mile Liberty Sweepstakes on the Indianapolis speedway, May, 31st, finds that being a famous racing celebrity has its disadvantages.

A short time ago Pullen was astounded to read in a San Francisco paper—he lives in Oakland, across the bay—that he had "married a Miss Rosa Bernauer, trained nurse, and would leave immediately for New York, where he planned to make his home." He also read that "when he drove for new honors on the Indianapolis speedway, Mrs. Pullen would be in the pits to take care of him in case of accident."

Pullen rubbed his eyes and then hustled across the bay to find out how the story had started. He found out that a man with the same name as his own had married, and either purposely or accidentally had given the impression that he was "the Eddie Pullen."

Eddie is not a bachelor, having been married long before he became famous for his exploits with a steering wheel; in fact he never starts in a race unless his baby's first pair of shoes is tied to the steering post of his car.

Callouses on the ball of the foot, cramping or stinging sensations in the toes, fallen arches and run over heels are unnecessary. No use to put up with the pain and discomfort another day. Call at our store,

A Foot Expert

from St. Louis, will be here. He will examine your feet, without the necessity of removing the shoe, will tell you just what is the matter with your feet, and will relieve the trouble for you, by means of

Wizard Foot Appliances

which are made all of leather, no metal, having overlapping pockets with pliable inserts that build up the misplaced bones, which cause your trouble, with comfort from the start—no "breaking-in" necessary. No matter what you may have tried, come anyway. "Wizards" are different. No charge for examination. Everybody welcome.

WOMAN IS ALMOST KILLED BY A BOY

Mrs. Elsie Ray of Connersville Hit on Head Three Times With Auto Crank by Carl Smith

YOUTH BELIEVED DEMENTED

Connersville, Ind., May 29. — Mrs. Elsie Ray, 31 years old, mother of two children, twice married and twice divorced, daughter of one of Fayette County's well-known families, is in Memorial Hospital here, probably fatally wounded, and Carl Smith, 16, son of Harry Smith, former superintendent of the county infirmary, is held in jail without bond, as a result of an attack upon the life of Mrs. Ray at the children's playground.

The boy, said to be temporarily demented, according to witnesses, slipped up behind Mrs. Ray as she was walking across the playground, and with an automobile crank dealt her three violent blows over the

head, felling her. She is suffering from a deep scalp wound and other injuries.

The boy attacked the woman and a crowd of children, who were playing at a school picnic. The daughters of the woman were in the crowd and they witnessed the attack on their mother.

Young Smith, it was said, in the local jail, told his mother that he had obtained Mrs. Ray's consent to marry her and that she had afterwards jilted him. He had accompanied her to the playground this evening. The two had been seen together frequently, since Mrs. Ray received a divorce from her husband, Walter Ray, two months ago. Juvenile authorities have placed no charge against young Smith, pending the outcome of Mrs. Ray's injuries.

Paris—Calling Miss Porzani, the well-known actress, a "Boche" cost Planché Tontain, another actress, \$5,500 in damage.

RILEY ALL STARS COMING

Fast Indianapolis Team to Play at Arlington Sunday.

The Riley All Stars will play the Arlington Red Sox at Arlington next Sunday afternoon. This team is said to be among the best traveling out of Indianapolis as it has many former semi-professional players in

the line-up. The line-up for the Red Sox in all probability will be as follows: R. Woods, 1 B.; H. Hank, 2nd B.; J. Woods, C.; S. Sharp, R. F.; C. Northam, L. F.; "Nick" Tompkins, 3rd B.; E. Hank, S. S.; G. Alexander, C. F.; and Peck Ormes, Pitcher. The manager of the Red Sox has his team in playing trim and this game is expected to be one of the fastest of the season, considering the class of the team from Indianapolis.

Cheer up!

The government has many millions of pounds of meat on its hands. These supplies were to have fed the army that is now being demobilized. The government has been considering the advisability of selling this meat abroad for fear of causing too great a slump in meat prices at home. It seems, at first, rather unreasonable that the government should object to lowering the prices of foodstuffs in this country. It hardly seems consistent with the function of a body appointed to protect our interests.

On behalf of the trade it is urged that he meat was sold to the government under contract, and that the conditions made by the government were severe. Profits made out of war deals were cut to the minimum by restrictions applied early in the war. The amount of commodity covered by the transaction was enormous, the bulk of that commodity is but the profit meagre. And now, if dumped on the market, the meagre profit, in the result, will be turned to serious loss. And a disaster to a tremendous industry with innumerable ramifications is a disaster to all of us. So many industries are interlocked with the meat industry that the damage done would be spread over a large area.

It all seems fairly plausible. But the American meat trade today supplies the world. If the meat is sold abroad, foreign prices will drop, although they are maintained here. So whatever happens, there will be a drop somewhere—here or abroad. And as our meat trade is supplying the world, there is not much danger of the industry languishing. One glance at the prices of packing house bond issues should reassure the most despondent, cheer up, packers! You are doing pretty well.

Good Roads—And Plenty of Them.

What America needs is unity—not an aggregation of discordant armies. The former means irresistible national strength, the latter stands for perpetuated decrepitude.

If we are to be united we must get to know each other. We must increase the means of geographical intercommunication. The railroads can't do everything—and they certainly don't. The whole country

A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company.

"My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. 'Look at him now,' she said. 'He works ten hours a day and is the happiest man in the world.'

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life rich in thought, ambition and enthusiasm."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Sap and Salt

By BERT MOSES.

It is easier to reform other people than it is to reform one's self.

The man who does just enough to "get by" never has his wages raised.

Some men grow into a job and stick, while others outgrow the job and go on.

Thinking things out is fine, but doing the things is all that counts in the long run.

Money is a good deal like a cess-pool or a sewer—we can't get along well without it.

Hez Heck says: "Some girls know too much, but the average is held true by girls who don't know anything."

Getting up early in the morning and working in the garden is finer than staying up late at night trying to draw aces.

There should be a network of well kept highways.

Nearly every man who draws union wages regularly and has an average acquaintance with machinery can afford to buy and maintain a low or medium priced automobile. There are few farmers who can't. The per capita proportion of cars to population is growing so fast that problems of locomotion are rapidly solving themselves. Already we find governors of adjoining states co-operating to promote road building schemes.

No project is more wholesome. No movement shows sounder political judgment. When our \$100,000,000 population ceases to be a motley group of disjointed commonwealths each commonwealth conserving with in itself a babel of tongues, dialects, cernaculars and patois, then, and not till then, will we present to the whole world a type of self-dependent nationalism which all will desire to imitate and none will dare assail.

If you think making the Versailles peace treaty was a simple matter, just try your hand at composing some little neighborhood difference. You will come out of it with a new sense of the complications of peace.

The Prince of Wales has looped the loop over London in an airplane seven times. If after his accession his throne should suddenly be overturned, he would know exactly how to deal with that dizzy sensation.

Wages have to go up, because prices are higher, and then prices have to go up, because labor involved costs more, and the wages. What are we getting anyhow? An endless chain?

MAY CALL CONFERENCE TO SETTLE THE STRIKE

Sir Robert Borden Today Considers This Step as Solution to Situation in Canada.

WORKMEN ASK 8-HOUR DAY

(By United Press.)

Ottawa, Ontario, May 29.—Sir Robert Borden, is understood to be considering a call for a general conference to settle the strike which is threatening industrial life in all Canadian cities.

All parties concerned in the strike would be invited to this conference.

The strike continued in Ottawa today. In other cities labor unrest was apparent, according to advices from all parts of the country.

In Toronto the situation was tense. A general strike will go into effect there tomorrow unless Borden can bring about a settlement. The labor men want an eight hour day.

By picking English out of Russian type with medical tweezers, the Red Cross edition of the American Sentinel manage to furnish the American soldiers in the Archangel district with a four-page weekly paper of U. S. news.

Amusements

Marguerite Clark Tonight

"Three Men and a Girl" is the offering at the Princess theatre tonight and Friday.

The theme deals with three men, all of them woman haters, and a vivacious girl who, to escape an odious marriage, find refuge in the summer camp where the men had gone to escape women. One of these, Christopher Kent, is pursued by a woman, while Julius Vanneman, a violinist, hates womenkind because he was jilted. Dr. Henry Forsyth, the third of the bears, as Sylvia Weston, the girl calls them, is the self-constituted guardian of the others.

When Sylvia escapes from her home to avoid wedding an old man she despised, she flees to the woods and finds refuge in a summer camp where the three women haters are living. When they return, they find her asleep, curled up on a couch. They are extremely annoyed, and Sylvia terms them bears and leaves them to take up her residence in a nearby house with her nurse.

A dead line is established between the two habitations, but strangely enough, the haters of women seek to cross the dead line continually to talk to Sylvia, whose beauty charms them. So it happens that she falls in love with Kent, the "little bear." The support is excellent.

"Happy Though Married," with Edith Bennett in the starring role will be shown Saturday.

"Winner Takes All" at Mystic

A scene was filmed, from "Winner Takes All," a thrilling Bluebird photoplay of the big west, in which Monroe Salisbury required the services of a little chap of six years who was supposed to cry mighty crocodile tears for the camera. This picture is being shown at the Mystic theatre tonight.

The little fellow flatly declined to cry on the grounds that only babies do such things.

Salisbury and Elmer Clifton, the director, pleaded with him.

"Aah, ahem," Salisbury began, "little man, please cry."

"I downanna cry," came the answer.

Pled with candy until his little chest shipped down into an advertisement bay-window, paddled until his mother's hand was tired and wheeled with all the diplomacy of a sailor trying to borrow money from a marine, the little nephew continued to grin cheerfully.

Again Salisbury took the spokesmanship and resorted to dignified persuasion.

"I say, little chap," he said, "kindly cry."

Enraged at being addressed as "little chap", and annoyed at being pestered, the small person flew into what is technically known as a high indignation and burst into a torrent of excellent tears. Before he could see that the camera was at work he had cried sufficiently for the scene desired.

JOINT MEMORIAL SERVICE.

The Red Men and Odd Fellows lodges of Arlington will join in holding memorial services at the Arlington East Hill cemetery next Sunday. All members are requested to attend meetings at their respective halls at 12:30 Sunday.

RHEUMATISM LIKE A MULE

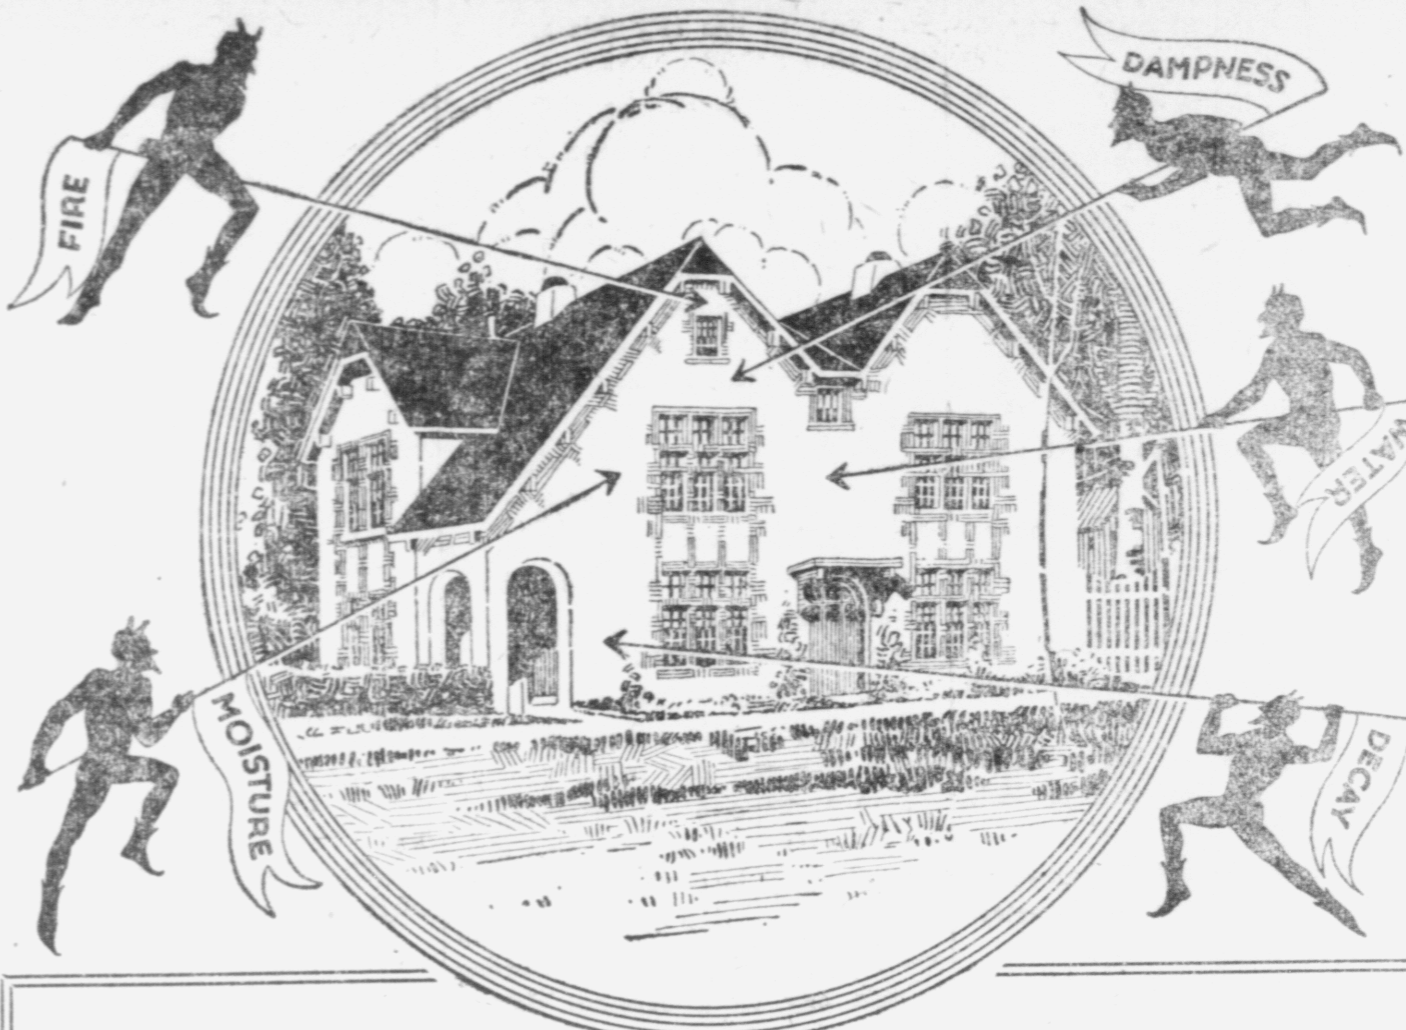

You've got to coax it to make it go. "Neutrone Prescription 99" will start the most stubborn and dogged case of rheumatism.

We have witnessed its effectiveness in hundreds of cases, it does things.

"Neutrone Prescription 99" is entirely different from the old preparation in that it aims at eliminating all Rheumatic poisons by purifying the blood, common sense teaches you this.

It removes those awful pains, limbers up those swollen stiff joints and muscles in a way that will surprise you. Get a bottle today, get the old stuff out of your system, 50c and \$1 the bottle at your druggist.

Pittman & Wilson, Druggists, and leading Druggists everywhere.

A Kellastone Home Defies the Weather Elements

Watch out for destructive weather elements when you build. Heed the warning of the experienced contractors and architects and choose a building material that will not fall prey to the ravages of rain, snow, heat and cold.

After all, the real satisfaction of owning a home is knowing that it represents a sound investment. Remember that security in building is measured by the strength and permanency of the exterior walls. As evidence of this, we point to the thousands of buildings which stand as a lasting tribute to

KELLASTONE
IMPERISHABLE STUCCO

Time exacts no toll of deterioration when you build with KELLASTONE. Here is a material which affords a life-time of security from the evils of wear and weather. It is immune to fire, frost, heat and cold. No need of frequent painting or constant repairing. No high premiums for insurance—no excessive fuel bills. The first cost is the last cost.

KELLASTONE is a scientifically balanced composition that doesn't contain a particle of lime, gypsum or Portland cement. It does not crack like ordinary stucco; sets up in a hard stone-like mass, and regardless of atmospheric conditions, it remains clear and brilliant. Learn all about this twentieth century stucco—send for free booklet—"The Story of KELLASTONE."

Sample of this work in progress at the Ford Bldg. (Windsor Hotel) and may be inspected by the public.

AVIATION MAKING RAPID PROGRESS

American and Great Britain are Waging Hot Contest for Supremacy in the Air.

A SCHOOL FOR AERONAUTICS

Chicago, May 29.—That aviation is making great strides in this country, promising a warm contest with Great Britain for supremacy in the air, is indicated by the confidence with which the nation's largest institution of aeronautic learning is speeding up its educational program.

The appointment of First Lieutenant Raynor Garey, of the Aviation Section, Signal Corps, and still on active duty in the office of the Director of Military Aeronautics in Washington, to be principal of the Academy of Applied Aeronautics at Chicago was announced today. Lieutenant Garey not only will head the corps of instructors at this big institution, but he also will assist in a campaign of public education, co-operating with Washington officials, in an effort to make the people of the United States realize the importance of placing this nation among the leaders in aerial development.

Lieutenant Garey graduated from the second officers' training camp at Fort Myer, Va., in 1917 and was commissioned First Lieutenant, Aviation Section, Signal Corps. He was sent to Selfridge Field, Mount Clemens, Mich., and there acted as Assistant Engineer Officer in charge of aero repairs. When the school for training mechanics was established he was made assistant to the officer in charge. Subsequently he was placed in charge of the instruction Department of the Military Mechanical Instruction Branch in the office of the Director of Military Aeronautics. He instructed flyers at Bolling Field, Anacostia, D. C.

FILES SUIT FOR DIVORCE

Maud L. Wolcott Asks Decree of Separation From W. H. Wolcott

Mrs. Maud L. Wolcott today filed suit in the circuit court for a divorce from her husband, William H. Wolcott, a traveling salesman. The bill of particulars was withdrawn from the office of the clerk of the court after it was filed and the allegations made by Mrs. Wolcott could not be learned. Mr. and Mrs. Wolcott have been married several years and live at 332 North Perkins street.

Days Pickings

Fred Boxley has purchased the O. C. Brann property at 317 West Third street.

Earl W. Albright has sold his property at 1126 North Perkins street to Louis Mauzy and will give possession in about ten days.

A new telephone has been installed at the home of the Foust Girls, 509 West First street. The number is 2261.

The ladies of the Sexton Christian church will have an exchange Saturday morning in the Singer sewing machine room on West Second street.

The Christian Union church of Homer will reopen services Sunday after being closed for a few weeks on account of the smallpox. Sunday school will begin at 10 a. m.; morning services at 11 a. m. and evening services at 8 o'clock. The evening service will be a tribute to Mothers Day. Theme of address, "Honor to Whom Honor is Due." Everybody is welcome to attend these services.

MARRIED IN ARLINGTON

Miss Marie Buckley, daughter of Mr. and Mrs. Abram Buckley of Manilla and Orville T. Edwards, son of Mr. and Mrs. Robert Edwards of near Homer, were quietly married yesterday evening by the Rev. F. M. Westhafer of the Arlington Methodist church at Arlington. Mr. Edwards was recently discharged from the service, having studied to become a veterinary two years previous to enlisting.

80 MISSING AFTER FIRE

London, May 29.—An exchange telegraph from Cologne filed Wednesday, reported that fire in a building occupied by Americans, caused an explosion of a munition dump, and added that 80 were missing. It is not known whether this referred to American casualties.

PLENARY SESSION IS DELAYED 48 HOURS

Continued from Page One

stated, indicated a willingness to make some concessions.

The fact that the allies are still disagreed over important clauses at the eleventh hour, however, will not interfere with the presentation tomorrow, it was stated.

If the Italian claims are still disputed when the time comes for informing the Austrians of the terms, the section referring to the Adriatic will be withheld and made known if a settlement is reached.

Public Sale Dates

TO BE BACKSLIDERS NIGHT

Special Observance at Salvation Army Revival This Evening

The revival being held at the Salvation Army hall is in full swing and backsliders night will be observed tonight. "The dog is turned to his own vomit again; and the sow that was washed to her wallowing in the mire," is the text that will be used by the speaker tonight in his appeal to those who once walked with the Man of Galilee, to return.

An all day meeting will be held Sunday. Those who attend are urged to take lunch. Envoy Gipson was the speaker last night.

TRY A WANT AD

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

GUNN HAYDON

Mrs. Carl Gunning will be hostess for the Thursday Afternoon Bridge club tomorrow afternoon at her home in West Tenth street.

Miss Leonora Norris will entertain the members of the Happy-Go-Lucky club Friday afternoon at her home in North Morgan street.

The War Mothers Club met yesterday afternoon with Mrs. G. W. Skipton, at her home in West Fourth street. The afternoon was devoted to a business meeting, at which a program was prepared for the Memorial services to be held tomorrow afternoon.

Mr. and Mrs. Wilbur Nowlin entertained at dinner Sunday, at their home southeast of New Salem. Mr. and Mrs. Bert Chow, Mr. and Mrs. Harry Thornburg and daughter Helena of Richmond, Mr. and Mrs. Clarence Whitton and son Ois and Samuel Whitton of Raleigh.

Mr. and Mrs. George Sordley entertained with a dinner party yesterday at their home in West Ninth street. The table was covered with a bouquet of spring flowers and covered with a white cloth. Mrs. Sordley, Mrs. Tingley and Mrs. Sarah Ann Gossady, Mrs. Tingley, and the oldest women of Rushville, during celebrated her 95th birthday, the seventh day of April.

Mrs. Arthur Talbot entertained the members of the Dorcas Circle of the Morristown M. E. Sunday school, yesterday with an all day affair at her home southwest of the city. A delicious, delicious dinner was served at noon and the remainder of the day was spent socially. The guests of honor were Miss Emma Miller of this city, and Mrs. Foxworth of Indianapolis.

Miss Ruth Hardwick, age, nine, entertained a number of friends at her home in North Willow street yesterday afternoon in honor of her twin brother and sister, Elmer and Lester, the occasion being their twelfth birthday anniversary. The afternoon and evening was spent in contests and various games and late in the evening refreshments of ice cream, cake and strawberries were served. Those enjoying the social time were: Ruth Chadwick, Lida Waring, Beatrice and Leona Cross, Roscoe Order, Melvin and Hilda Farthing, Gerald Stevens, Morris Stevens, Marie Order, Claude Order, Maurice Orday and Charles Room.

The first anniversary of the Fairview High School Alumni association, which was celebrated with a banquet at the high school building last Saturday night, was attended by 130 guests and was a most enjoyable affair. The guests assembled in the library and enjoyed a social hour before the banquet was served by the domestic science class of the high school in the gymnasium. One hundred and twenty-five guests were seated at three long tables and the eight honored guests at a small table. The guests of honor were: F. G. Hinchman, township trustee, and his wife, Judge and Mrs. Leonard Springer of Connersville, the Rev. and Mrs. G. F. Powers of Bentonville and Prof.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generation to come.

There is a splendid preparation women for over half a century have applied before the stork's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradfield Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

F. R. Jeffrey, principal of the school, and wife, Prof. Jeffrey acted as toastmaster and the following responded to toasts: Cary Carson of Indianapolis, a graduate of the school; Judge Springer who also graduated there; Dr. Clarence Hinchman, of Geneva, Ind., an alumnus of the school; Irvin Harmer of Bentonville, former Fairview teacher, the Rev. Mr. Powers and Vern Freeman, a member of the class of 1919. The Ben Kahn orchestra of Connersville provided music during the evening.

Chester Saxon was elected president of the association for the coming year, A. B. Hinchman was chosen vice-president and Glen Smelser, secretary-treasurer. Mr. Hinchman, president, and Mr. Saxon as secretary-treasurer, were last year's officers who arranged the banquet. Graduates who received their diplomas as far back as 1893 were present.

YOUNG PRINCE GIVEN FREEDOM OF LONDON

With All The Ancient Ceremonials. Event Proves an Imposing Military and Civic Show

CITY'S FET GUARDS PRESENT

(By United Press.)

London, May 29.—With all the ancient ceremonials, the Prince of Wales was today admitted to the "freedom of the City of London." Members of the royal house enjoying the freedom as a right, but it is never done, and the bestowal of this, the City's highest civic honor, is far less common in the case of royalty than of distinguished "commoners."

The ceremony was made the occasion for an imposing military and civic show, the Prince driving, escorted by cavalry, to the Guildhall where he was received in state by Lord Mayor Sir Horace Marshall, A member of honor of the Honorable Artillery Company, the City's pet "efficiency" considered royal salutes, and the City Trumpeters, in scarlet and gold, sounded a ruffare.

The Prince arrived punctually at 12:30 p. m. and was conducted by the Lord Mayor, the city chamberlain, the city marshal, and other dignitaries to the council chamber, where the members of the council and the court of aldermen were assembled. The parchment certificate of freedom was in a handsome gilt frame, instead of the customary scroll, and an economy effected at the express desire of the Prince.

After the decree conferring the freedom had been read by the City Chamberlain, the Prince, robed in scarlet, and the whole party, attended by adjutant, by carriage to the Mansion House, a couple of hundred yards away, where the royal freedom was entertained to luncheon by the Lord Mayor. The Prince responded to the toast of his health.

MRS. E. P. BICKNELL

Mrs. Ernest P. Bicknell, in charge of a Red Cross bureau in Paris, has been decorated by the queen of Belgium for distinguished service.

LADY READING

Lady Reading has departed from Washington with her husband, for he has completed the special work for which he came here as British ambassador and has gone home. This is a new photograph of Lady Reading.

For a Pain around the Heart after Eating.

TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEP-SINCO immediately relieves—keep PEP-SINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

An additional sum of \$100,000 appropriated by the Red Cross will maintain its sanitary units and dispensaries at the military cantonments in this country until June.

Because of the Red Cross, an enlisted man convalescing at Vichy, can live on nothing a day and never want a thing from vaudeville and movies to hot baths and lunches.

Do Your Feet Hurt?

Come in Monday, Tuesday or Wednesday, June 2, 3 or 4, as we will have two trained experts on those days. EXAMINATION FREE.

A HOT SPOT Chalmers is a nimble creature of steel

AFTER you've had one ride in a Hot Spot Chalmers you'll wonder how it is possible to put so much "action," so much eagerness, so much desire-to-go in a ton-and-a-half of steel.

Take the engine out of the chassis and you have a car more or less like many others.

Put in the engine, and you have all the difference in the world.

For this great engine of the present Chalmers (medium sized though it be) has a way of making gas perform as no other engine ever has done.

The reason why is Hot Spot. Which "pulverizes" gas into a very "dry" state. This "dry" gas is then passed on to the cylinders via Ram's-horn and when those six spark plugs ignite the fuel there's action de luxe.

Hence you find a certain, indefinable nimbleness to a Chalmers that is tempting whether you're a front seat or a rear seat driver.

Don't you get all-fascinated about a car. See the Hot Spot Chalmers.

Price 25 Cents
McINTYRE'S

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do *all that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

Says His Prescription Has Powerful Influence Over Rheumatism

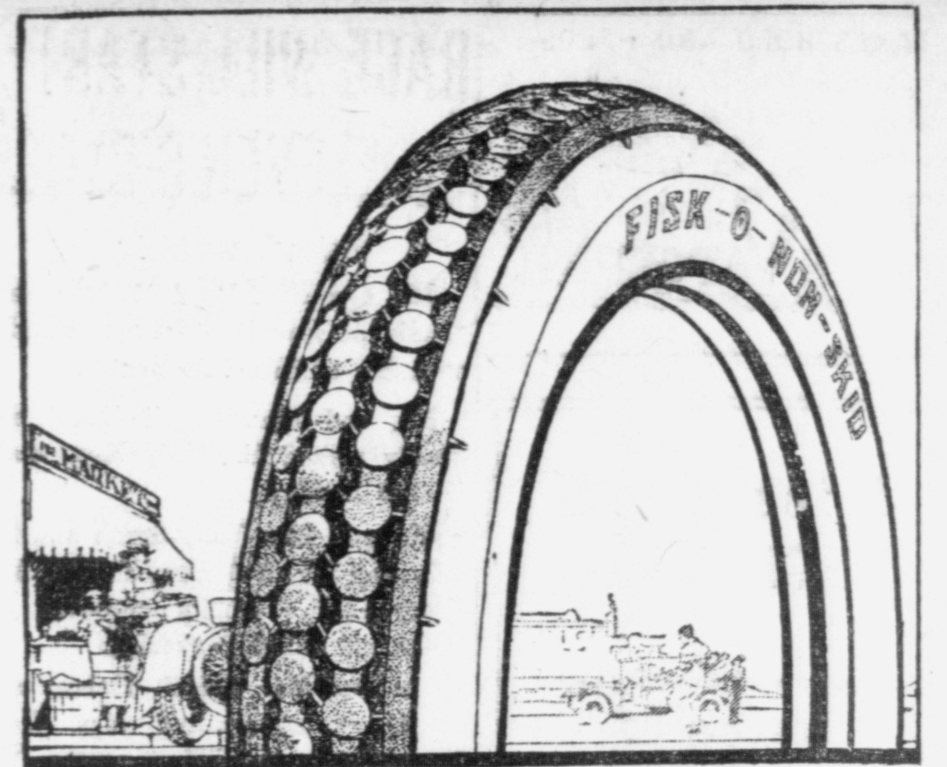

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. (Adv.)

Fisk Tires Going Onto More Cars Every Day

CONDITIONS these days—the larger demands on everybody's purse—are leading motorists everywhere to look more closely into the actual value of automobile tires.

We see it every day. See it in the steadily increasing demand for Fisk Tires.

Fisk Tires give certain very definite features that more and more motorists have come to look for—greater uninterrupted tire mileage, longer life, greater safety under all driving conditions.

As an enlightened motorist you want your tire expense cut down to where it really belongs. Next time—Buy Fisk.

and Mrs. Ralph Springmeyer and son near Greensburg.

Mrs. Will Lawson had a surprise party Thursday for her daughter Gay Nell. All kinds of games were played and after refreshments were served. Gay Nell received many pretty presents. Those present were Corinne Borders, Albert Brock, Dorothy Dobyns, Ruth and Morris Bruner, Mary Ellen and William Cooper, Loren and Hilda Linville, Walter French, Roland Dickson, Helen and Thomas Linville, Clarence and Ruby Vail, Mabel Bayless, Ruth Rosenberry and Clarence and Wilson Davis.

Mrs. Bess Hardin has received word that her husband, Dell Hardin, has arrived at New York from France.

Mrs. Tama Gaus entertained with a pitch-in dinner Sunday the following guests, Mr. and Mrs. Rube Davis and daughter, Mr. and Mrs. Eli Phillips and family, Mr. and Mrs. Ed Waltermann and family, Mr. and Mrs. Albert Whistle and Mr. and Mrs. Bront Harsh.

To provide for the thousands of potholes still passing through Epernay, the bombed-to-pieces Franco-American canteen opposite the cathedral has been rebuilt. The sisters of Secretary of State Lansing are in charge.

At the new U. S. Embarkation Center at Le Mans through which the entire A. E. F. must pass on its way to the coast, 24 Red Cross canteen girls will run the station canteen and rest house. The Red Cross is preparing dormitories and shower baths for the men.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear over night. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Colds that "hang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Marie Heister, Freeport, Ill., writes: "I had more or less of a cough for years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Children like it. F. B. Johnson, Adv. 5

Promise without performance is no builder of confidence. All the advertising we have published on the merits of **BEACON SHOES** would have been barren of result unless the quality we promise had been delivered. No more indisputable proof of this can be had or asked than the present persistent, daily growing demand for **BEACON SHOES**—Shoes that fit, wear and hold their shape.

Shuster & Epstein
BLUE FRONT
115 West Second St.
"A Little Off of Main,
But It Pays to Walk"

RACE WILL START AT ELEVEN O'CLOCK
Time Changed Hour Later in Order for Official to Handle Large Crowd Expected.
FLAG PARADE BEFORE RACE.
The Usual Preliminary Testing of the Cars Will be Made by American Automobile Association.

Indianapolis, Ind., May 29—The start of the international 500-mile Liberty Sweepstakes race on the Indianapolis motor speedway, May 31st, has been changed to 11 A. M. instead of 10 A. M. as originally announced, to give an hour more time in handling the enormous attendance that is expected, which, judging from the advance seat sale, will run close to 100,000, if not exceed this mark.

Spectators are urged to start for the track as early as possible, in order to reduce the congestion at the gates, and insure the presence of every one in time to witness the flying start of the contest, one of the most spectacular events in human experience, with thirty three cars racing toward the starting line in close packed formation at ninety miles an hour speed.

Preceding the flying start there

will be a parade of the flags of the Big Four among the allied nations in front of the grand stands, together with the flag of Belgium, hero nation of the great war. Massed bands from various cities throughout the middle west, totaling 325 musicians, will escort the flag parade.

In addition there will be the usual preliminary testing of cars with respect to safety by the representatives of the American Automobile Association, such as the brake test in which every entrant is required to demonstrate that he can stop his car within a given number of feet, and the examination of various vital parts, such as front axle, wheel spindles and steering connections.

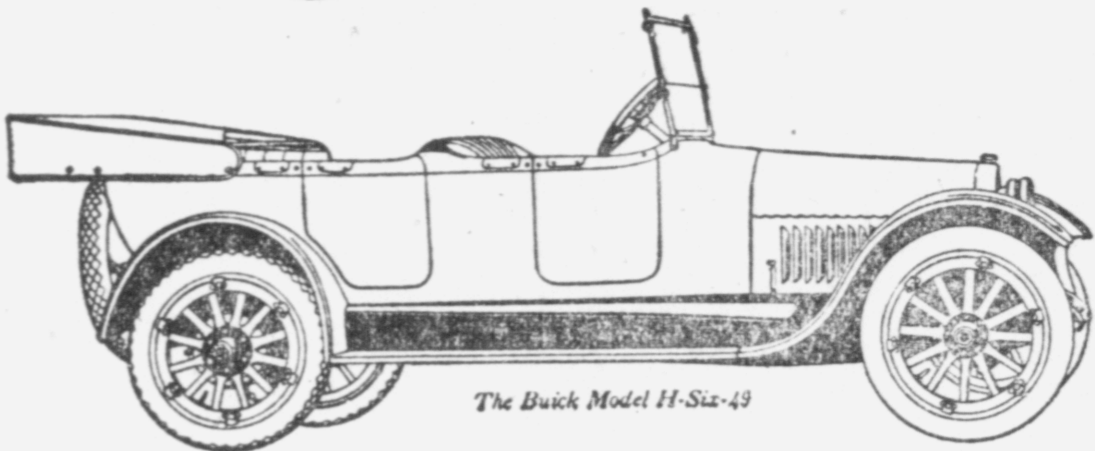

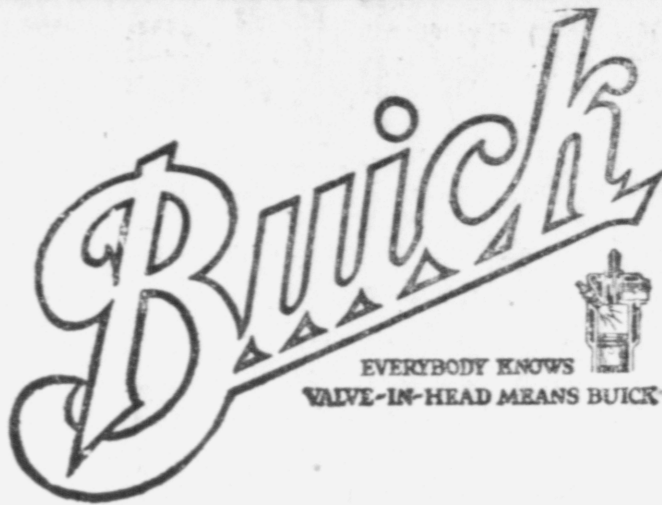

There will be plenty to keep the crowd amused and occupied until the actual start of the event, and every one who can is requested to get out as early as possible, in order to prevent the disappointment of those whose business affairs may detain them and perhaps cause them to miss the start of the race, if there is any congestion at the gates and along the roads leading to the grounds.

Indianapolis Speed Fragments

Several leading newspapers of Paris, France, have arranged for a direct cable connection with the Indianapolis motor speedway in order to obtain flashes on the progress and outcome of the international 500-mile Liberty Sweepstakes race on the big Hoosier oval, May 31st. The foremost stars of the old continent are entered in the event.

The appearance of the name of J. J. McCoy among the entrants for the Indianapolis Liberty Sweepstakes race is the first time that any one of this name has figured as a speedway performer since Kid McCoy, of fistie fame, essayed the role of relief driver to the late Louis Strang, in 1911. If J. J. can prove as deft with the wheel as the Kid was with the padded mitts, he will be able to inscribe his name in large letters on the speed roll of honor after May 31st.

Detroit is represented by fourteen entrants in the Indianapolis Liberty Sweepstakes race out of the original total of forty-three, or practically a third of the field. DePalma's Packard, four Frontenacs, which were built in Detroit, though they hail from Plainfield, N. J., seven Hudson, two of them rebuilt jobs raced under other names, and Frank

THE fuel economy of the Buick is a hard reality. Built into the car twenty years ago, with the first Buick Valve-in-Head Motor,—increased in degree as this motor has been developed.

The Buick Car is twenty years old. The Buick Valve-in-Head Motor is twenty years old. The car and the motor have been developed side by side—co-ordinated as a unit—a motor for the car, a car for the motor.

The Buick is built around the Buick Valve-in-Head Motor. First, the best motor that can be built; then a car in every part equal to its motor; that is the Buick creed.

EDGAR THOMAS, Clerk.

Book's Peugeot and Detroit Special complete the list.

Ralph DePalma expects his luck to hold during the Indianapolis Liberty Sweepstakes race, as he will have beside him the only mechanic who ever brought him victory on the Hoosier track. This is Louis Fontaine, the diminutive Frenchman from Milwaukee, who rode with the celebrated Italian when he won in 1915. DePalma would not sign his entry until he was sure of Fontaine's assistance in this year's classic.

AWARDED THE FRENCH CROIX DE GUERRE

Private T. V. Thomas of Near Straughns Station Given Posthumous Decoration.

Private Thomas V. Thomas, son of Sylvester E. Thomas of near Straughn, who was killed in action in France, has been awarded the Croix de Guerre posthumously by the French government, and Mr. Thomas has received both the cross and the original citation, together with its translation into English.

Private Thomas was a member of the 18th Company of the 5th Regiment of Marines and the citation tells how he bravely faced death on the battlefield. Private Thomas V. Thomas, reads the citation, "picked up the automatic rifle of a wounded comrade, courageously used it in order to attack an enemy machine gun in action on the storming party, and was himself killed." The citation is dated November 11, 1918, and was issued from the general headquarters of the French army. Thomas was killed in the fighting of Chateau-Thierry last June.

The citation and award of the Croix de Guerre were sent to the war department at Washington and then forwarded to Mr. Thomas. Accompanying the war cross and the official citation was a brief note from the war department adding to the praise of the French government and expressing to Mr. Thomas word of appreciation for the bravery of his son.

Why We're Here

To help you get the right start with your new car—

To see that you are supplied promptly with the best battery built.

To charge your battery if it needs charge—to test it with the hydrometer—to supply you with distilled water—to repair batteries that have suffered from neglect or abuse.

Come in anytime. Ask as many questions as you like, but be sure to ask this one: "What is Willard 90-day Battery Insurance?" Remind us to hand you a copy of the booklet "Willard Service and You."

HOW-TO-GROW Cucumbers.

Two to five hills of cucumbers usually will produce enough for the ordinary family. Cucumbers require considerable space, and for that reason they may not fit into the scheme of small gardens. It is possible, however, to plant the cucumbers along a fence or near a building and train the vines on a support of wire or strings so that they will not encumber the ground or occupy the space required by other crops.

In making the hills or the row in which the seeds are planted, a small amount of well-decayed manure should be used carefully to prevent injury.—United States Department of Agriculture.

Corns Peel Off Painlessly

There's Only One Genuine "Corn-Peeler"—That's "Gets-It."

There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gets-It" is the only corn remedy in

"2 drops of 'Gets-It'—Corn is doomed." The world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "pack-aging" plasters, greasy ointments that rub off, sticky tape, and digging knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It." It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It" is guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

NATION'S HEALTH IS THREATENED

National Tuberculosis Association Does Not Want Sick Soldiers Discharged

MANY SAID TO BE DISEASED

Fear That if Tubercular Patients Are Discharged They Will Spread The Disease

New York, May 29.—A situation seriously threatening the health of the nation has arisen as a result of the insistence on the part of parents and friends for the discharge of soldiers suffering from tuberculosis, according to an announcement made today by the National Tuberculosis Association.

Under a special order issued by the War Department the first of the year, parents or friends of a consumptive soldier can obtain his discharge upon guaranteeing that he will continue to receive proper care and medical supervision. According to William H. Baldwin, treasurer of the National Tuberculosis Association, the order has been taken advantage of in a considerable number of instances, in which, through misunderstanding, or because of mistaken kindness, discharges have been obtained for patients who should have remained for treatment and in the army tuberculosis hospital.

Investigations have shown that in many cases not only have the guarantees not been fulfilled but that frequently they were given by relatives who did not fully realize the real nature of the soldier's ailment. The Surgeon General's office has also learned that in some cases soldiers in military hospitals had secured discharges on guarantees obtained from friends who did not even know that the men had tuberculosis.

Fearing the spread of tuberculosis that will result if soldiers are prematurely taken out of military hospitals as well as the danger to the patients themselves army authorities are now seeking the co-operation of parents, as well as of private organizations engaged in the fight to control the disease.

It is believed, according to Miss Ruth Emerson, head of the Medical Social Workers of the Surgeon General's Office, that if the relatives of an afflicted soldier fully understand his condition and the special care he needs, they will desire that he remain under military jurisdiction for treatment, especially when they realize that with the sanatorium care offered by the army the chances for complete recovery are greatly enhanced.

The war department has issued an order instructing the commanding officer at each of the army tuberculosis hospitals to send as soon as a man is received to each soldier-patient's next of kin a letter giving full details of the case.

RICKENBACKER GETS A ROYAL RECEPTION

Indiana Business Men Welcome the American Ace of Aces who Returned to Stamping Ground.

TO GIVE LUNCHEON FOR HIM

Indianapolis, Ind., May 29.—Captain Eddie Rickenbacker, American ace of aces, returned to his old stamping ground today and received a royal welcome at the hands of Indiana business men.

The board of directors of the Chamber of Commerce will give a luncheon in honor of the air fighter at one of the city's leading hotels tomorrow. Officials of the American Automobile association and Speedway officials—here for the 500 mile Liberty sweepstakes auto classic—are to be guests at the luncheon. Many prominent men will address the gathering and Rickenbacker, himself, will talk.

Tonight he will deliver an address on the battle of the western front at Tompkins hall. This will be for the benefit of the Boy Scouts.

CALLS ATTENTION TO INSURANCE LAW

Auditor of State Refers to Section Nine in Letter to Clerk of The Circuit Court

BUREAU RATES ARE DEFINED

George B. Moore, clerk of the county court, has received a letter from Otto L. Klaus, state auditor, stating that the law regulating the rates of the fire insurance companies doing business in Indiana, passed by the last legislature, has been published and is now in effect, and desires to call the attention of the public to section nine of the act.

This section reads: "All rates, subject to the provisions of this act, that are published or in force upon the day this act becomes effective, shall be effective as the bureau rates and changes shall only be made in the change or risk or hazard. A charge of discrimination shall not be predicted upon any

WOMAN'S CASE AMAZES RUSHVILLE

A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor, hyalastis, etc., as mixed in Lavopik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle of Lavopik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. WOLCOTT, Drug-gist.—(Adv.)

such rates in force at the time this act takes effect."

There are a number of risks in the State of Indiana that have been written at less than tariff or published rates and these are the rates that are now in force. If an attempt is made by agents or companies to increase these rates because same are published rates, the latter should be referred to the office of Mr. Klaus, the letter says.

"I Want the Swellest Range"

"I want the swellest range in the state, and I want it quick," said a man. He had postponed this purchase as long as he could—so long that he was now ashamed and to make up for all he determined to buy the "swellest," as he put it.

Here is what he bought.

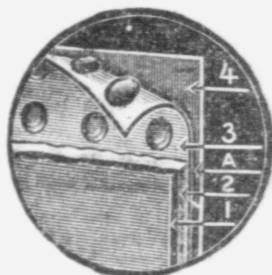

He didn't give it a thought. It was fussy—full of frills and foolish ornaments—and he

bought it. Had it been a piece of machinery he would have read up on it, but he didn't have to use it—nor see it all day—nor clean it.

If he had allowed his wife to select the range, she would have passed up such freaks and selected the Copper-Clad, because of its simple beauty.

She knows, too, how ranges rust from the inside. She

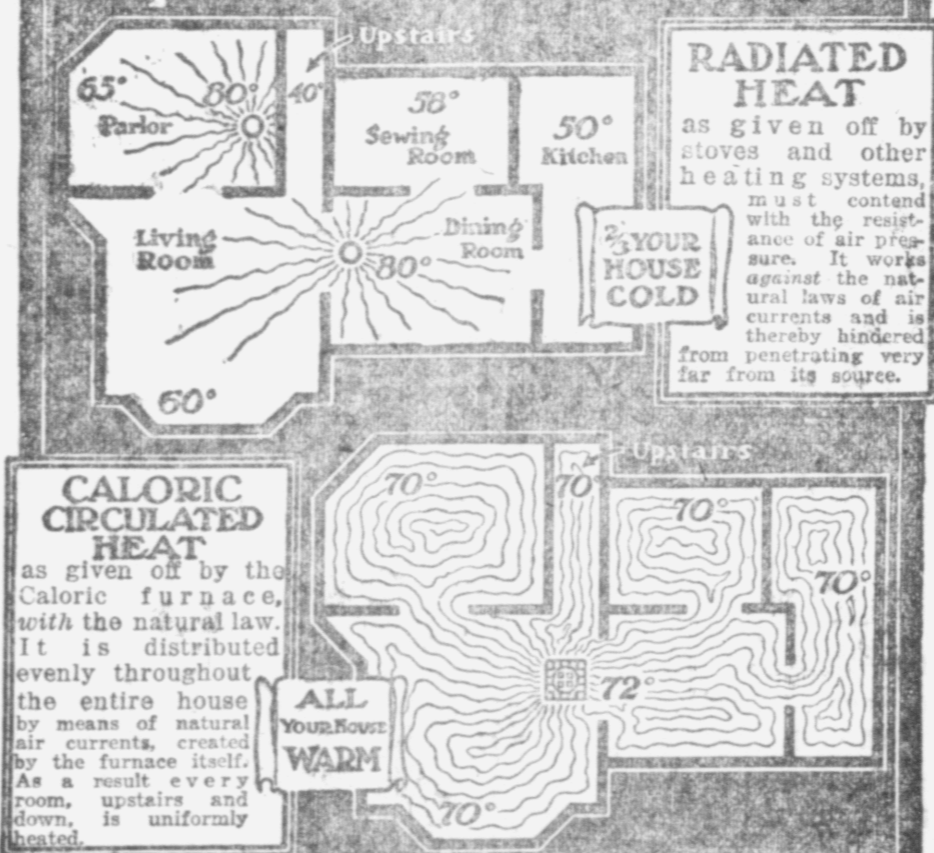

knows that the sheet of pure copper between the asbestos and range body doubles and trebles the life of a range.

This is the first of a series of stories about the Copper-Clad range. We want everyone—men, women and children—to know all about the Copper-Clad, and if you read these articles from week to week you will know exactly what Copper-Clad means. You will know what sweaty asbestos does to a range.

S. L. HUNT - Hardware

Keep Your Home Warm All Over

Take Your Choice!

Heat your entire home at less cost than heating only a part of it with stoves. You can do it with the Caloric Pipeless Furnace, which has revolutionized furnace heating by doing away with pipes. It requires only one register, on the ground floor of your home, and thru this every room is made warm.

The principle is simple and practical. As the heated air rises from the furnace thru the center of the register it spreads throughout the whole house, forcing the cold air down into the furnace. There it is purified by the intense heat, properly moistened by a special water pan and again rises and circulates into every nook and corner. This produces a delightful, warm and healthful atmosphere, of even temperature, in every room of the house. The

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

has numerous exclusive patented features that make it unequalled for heat capacity, economy and convenience. Easily installed in one day in any house, new or old. Burns any fuel. Takes little room. There is no smoke, coal, gas or dirt in the house—no heat-wasting, expensive pipes in walls or cellar. The cellar is always cool enough for storing fruits and vegetables. There is no fire danger—no bother to keep the furnace in first-class condition. We guarantee its satisfactory operation or we will take it out. We also guarantee a saving of at least one-third of your fuel bill.

Do not confuse the Caloric with other pipeless furnaces. It is not merely a furnace without pipes, but is built on an entirely new principle in furnace heating.

The manufacturers have put into it the experiences of ninety-nine years in business, and stake their reputation on its ability to meet every claim.

Come in and see this wonderful furnace. Ask for our book "Progress," which is a fully illustrated explanation of pipeless heating, and how this method is perfected in the Caloric Furnace. It gives every important fact about home heating and fuel saving. Let us show you this great furnace, and tell you whether it can be used in your house to advantage.

This Furnace

Was developed and patterned by a company now 100 years in business

All that time making heating and cooking stoves. This wonderful heating system is the outgrowth of experience and experiment. It is to be expected that something extraordinary should have resulted from an experience of so long a time. Now the Monitor Stove and Furnace Co. through its agents asks you that if you are thinking of installing a heating system, that you investigate this one way of warming the entire house from one register. It is by CIRCULATION not RADIATION as with a stove. This system is installed and positively guaranteed to be satisfactory to the purchaser, or will be taken out and price refunded after one year's use. This guarantee is signed by the president of the company and is their warantee, and not mine. Give me one chance to call on you and help you to solve the problem of selecting and installing a heating plant that will save one-third of your fuel bill. This system is guaranteed to do this by discharging all heat produced, direct into the house and by being properly located will equalize that heat throughout the entire house to an average of 70 degrees in the coldest weather.

Now we have the best thing known in heating to offer you and it's SERVICE YOU WANT. Give us a chance to figure you and we will do the best, giving the IRON CLAD GUARANTEE against being dissatisfied with the service we will render you.

Monitor Stove & Furnace Co. Cincinnati, Ohio

E. A. LEE, Agt.

P. S.—We have 25 in Rushville and vicinity and all are satisfied. If there is any complaint, let us know and we will correct same by inspection. It may be you have loose doors and windows, worn out door sills, and this all will admit more cold air than the furnace can handle; if so, strip windows and doors.

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Commissioners of Rush County, State of Indiana, will receive sealed bids in the Auditor's Office of Rush County, Indiana, up until 2:00 o'clock P. M. on

SATURDAY, JUNE 7TH, 1919
for the erection of the Hooker Wilson Bridge and the Winship Bridge, all according to plans and specifications now on file in the Auditor's Office of Rush County, Indiana, for the inspection of bidders.

EXECUTOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned executor of the will of Margaret C. Windeizer, deceased, that pursuant to the order of the Rush Circuit Court he will at 1:30 P. M. on

MONDAY, JUNE 9, 1919,
at the law office of A. L. Gary, in Rushville, Indiana, offer at public sale the following described real estate located in the city of Rushville, Indiana: thence west to the west line of Lot 23 in said addition; thence south on said west line 41 feet; thence east to the east line of said Lot No. 21 in said addition; thence north 41 feet on said east line to the place of beginning.

TERMS OF SALE—Said property will be sold one-half cash on day of sale and the remaining one-half due six (6) months after date of sale, secured by the first mortgage on the real estate said, drawing interest at the rate of 6 per annum purchaser having the privilege of paying all of said purchase price in cash. May 22-29 FRANK S. WINDEIZER, Executor.

NOTICE OF INSOLVENCY

In the Matter of the Estate of Mary H. Gorman, Deceased.
In the Rush Circuit Court, No. 7596.

Notice is hereby given that upon petition filed in said Court by the administrator of said estate, setting up the insufficiency of the estate of said decedent to pay the debts and liabilities thereof, the Judge of said Court did on the 14th day of May, 1919, find said estate to be probably insolvent, and ordered the same to be settled accordingly. The creditors of said estate are therefore hereby notified of such insolvency and required to file their claims against said estate for allowance.

Witness, the Clerk and seal of said Court at Rushville, Indiana, this 14th day of May, 1919.

GEO. B. MOORE, JR., Clerk.

LABOR DEPARTMENT ASKS LEGISLATION

War Has Shown The Great Need of Complete Statistics Along This Line

RECORD OF BIRTHS NEEDED

Washington, May 29.—With only 20 states collecting complete vital statistics, Labor Department and census officials plan to ask the next Congress for national machinery to record such facts, particularly births and deaths.

The war has shown the great need of complete national statistics along this line, officials say, and in this respect the United States is far behind European countries.

The greatest present need is the complete registration of births, as most states now make registration of all deaths compulsory. The only national registration of births is through the Bureau of the Census, which accepts the state figures in states where at least 90 per cent of the births are recorded. Less than twenty states and the District of Columbia come under this classification.

During the war officials often asked for statistics of this sort, but few were available. Complete birth records in years past would have made possible the detection of several thousand shirkers, who being near the age limits, escaped service by false statements as to their ages. It is stated by the Provost Marshal General's office. Other were unable to prove citizenship through the incomplete records.

Meanwhile the Children's bureau

of the Department of Labor is urging that the present state registration machinery be made more effective. Cities also are being urged to keep complete records, and birth registration cards are now being sent out.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes, but remember to ask for the original imported GOLD MEDAL brand, in sealed packages.

Acme Pig Meal

Equal to milk. Protein 28 1/2 per cent. Is a full and complete ration, nothing else is fed with it. You know how pigs do when fed milk—that is how pigs do when fed ACME PIG MEAL—equal to milk. Start when the pigs will eat, it so takes the place of milk they will wean themselves at eight weeks of age, retain the BABY PIG FAT, prevents RUNTS and SET BACKS at the weaning time.

You can wean your pigs at eight weeks of age and wean them successfully and prevent the SET BACKS AND RUNTS if you will follow these instructions:

When your pigs commence to eat, build a "creep" and feed the pigs by themselves. Mix one part of ACME PIG MEAL with seven parts of water, and give your pigs, and only feed the amount they will eat. If any is left in the trough at night, feed to the sows, otherwise if left in the trough may sour.

Increase the ACME PIG MEAL as they require, feeding all they will eat, and by feeding the ACME PIG MEAL so takes the place of the sow's milk that the pigs will WEAN THEMSELVES with the sow at eight weeks of age, and thereby PREVENT THE SET BACKS, so common at the weaning time.

RUSHVILLE, INDIANA

ALL RUSH COUNTY BOYS ARE INVITED

Military-Physical Training to be Given During July and August at Camp Roosevelt

WILL BE A LIVING MEMORIAL

Instruction to be Essentially Military But Will Have Athletic Features

Boys from Rush county have been invited to take the course in military-physical training to be given during July and August at Camp Roosevelt near Muskegon, Michigan, under the direction of Captain F. L. Beals of the United States army. It is expected that 15,000 boys, young men and older men will undergo training there this summer.

Camp Roosevelt is intended as a living memorial to the principles of military and physical fitness which the name suggests and it is being established by the Chicago Board of Education with the sanction and support of the war department. Primarily, the camp is intended for the field training of the youths who are members of the Reserve Officers' Training Corps of the Chicago high schools, where more than thirteen thousand boys are receiving military-physical instruction as a part of their high school course. In order to stimulate general interest in military and physical preparedness, however, Camp Roosevelt will be all-American and recruits will be received from all parts of the country. At the executive headquarters of the camp, 21 North LaSalle street, Chicago, applications are steadily coming in from practically every state in the union.

The instruction at Camp Roosevelt will be essentially military, although recreative athletic features will serve to soften the rigor of strictly military program.

There will be training in drill formations, setting up exercises, bayonet practice, trench digging, grenade throwing, marksmanship, ground aviation, tank and motor service, signaling, map making and all the kindred details of army life. These instruction classes will be given under the supervision of Captain F. L. Beals as commandant, with the assistance of forty commissioned and non-commissioned officers detailed by the war department for the Camp Roosevelt activities.

As a further co-operative step, the war department will furnish equipment for the camp and the recruits.

Although the camp is primarily for the boy of high school age, it will not be limited to this single group. Boys over twelve years of age will be admitted, and for the younger lads a special course of instruction in scoutcraft and woodlore will be arranged. The next class will be the boys of high school age who will follow out the military regime of army life. Young men who are out of high school and in the beginning years of business will con-

WOMEN ASK FUNDS FOR FOREIGN HOSPITAL

Traveling Medical Units Are Promised Shortly For Relief in the Near East

BIG CAMPAIGN IS LAUNCHED

(By United Press.)

New York, May 29.—With traveling medical units promised for immediate relief in Serbia and the Far East, the American Women's Hospitals, the official war agency of the Medical Women's National Association, is conducting the last week of a nation-wide campaign for \$250,000, with committees in more than 300 cities and towns working towards the quotas assigned each state. New York and Illinois lead with quotas of \$50,000 each, Massachusetts and Pennsylvania have \$40,000, California, \$35,000, Mich-

igan, Missouri, Ohio and Wisconsin, \$10,000 each.

Dr. Mary M. Crawford, Chairman of the Executive Board of the American Women's hospitals, has appealed to state and district chairmen to make a special effort this week to obtain dollar memberships among the general public.

At Cleveland, O., an eight-year-old boy signed his name as witness to the wedding of his grandmother.

WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office, or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills, and got relief. Eight bottles cured me." Safe, harmless; quick results. F. B. Johnson. Adv. 6

PLENARY SESSION DELAYED 48 HOURS

Meeting of Conference to Hear Austrian Terms Adjourns at Suggestion of Balkans

GERMAN ANSWER DELIVERED

German Foreign Office States That Some Changes Have Been Made in German Terms

(By United Press.)

Paris, May 29.—The plenary session of the peace conference which met today to hear the summary of the Austrian peace treaty read, adjourned 48 hours at the request of the former premier of Roumania and one of the peace delegates, who suggested it in the name of the Balkan states.

At the same time the German counter proposals were delivered at the foreign office.

Count Brockdorff, German foreign minister, is expected to leave for home before the week-end but he or a successor, if he withdraws from the delegation, is expected back in time to sign the treaty.

The German counter proposals were delivered to an official of the foreign office at Versailles and taken to Paris to be laid before the Big Four.

Berlin, May 29.—The German foreign office advised today that some changes had been made in the peace treaty. It did not state, however, as to whether the alteration was vital or whether it affected the claims objected to by the Germans.

"Does Wilson intend to establish the slave that Lincoln abolished," Theodore Wolff demanded in an article in a Berlin paper, regarding Germany's counter proposals to the peace treaty.

The counter proposals, Wolff asserted, represent the democratic idea of right instead of nationalist conception that it is Germany's duty to heal what can be healed in Belgium with money. Germany he said, must suffer for years under a burden of debt.

The counter proposals, he declared, prevents the entente taking from Germany its ability to pay and suggests a neutral commission of police to oversee plebiscites in disputed territory.

Austrian Summary Ready

Paris, May 29.—The first sections of the German counter proposals to the peace treaty has been delivered to the foreign office, it was announced today.

The first section comprised one-third of the total German answer and was 20,000 words in length.

The meaning was to be determined this afternoon. Translation of the section was begun immediately.

Representatives of the nation, which crushed Austria met in the French foreign office today to give final approval to the terms of the Austrian peace treaty.

A summary of the peace treaty was ready for submission to all the states that forced or severed relations with Austria.

When submitted to the allies and associated powers representatives, a secret plenary session of the peace conference will start at 3 p. m.

The terms will be handed to the Austrian delegates at St. Germaine tomorrow.

On the eve of the presentation of the terms to the Austrians, the allies are still in disagreement over Italian claims to territories in the Adriatic, it is understood.

Formation of a plebiscite to decide the fate of East Austria had been proposed. The Italians, it was

FOUR LODGES TO TAKE PART

Joint Memorial Services to Be Held Sunday at 1 P. M.

Four lodges will participate in the annual joint memorial services which will be held Sunday afternoon at one o'clock at East Hill cemetery. Led by the Odd Fellows lodge, lodges representing the K. of P., Modern Woodmen, Red Men and Odd Fellows, will march to the cemetery where the address will be delivered by Robert A. Brown of Indianapolis.

SCHOOL ATTENDANCE RECORD IS PERFECT

Iden Hungerford and Chester Alter of Orange Township Will Receive Diplomas

MOTHERS IN CLASS OF 1884

Two boys from the Orange township schools who will receive diplomas on Educational Day, June 11, have made a perfect record in attendance. They are Iden Hungerford, son of Mr. and Mrs. Elmer E. Hungerford and Chester Alter, son of Mr. and Mrs. D. O. Alter.

Their mothers were members of the first class to be graduated from the eighth year in the county schools. The other members of the class were Nettie Brookbank Scull, wife of the Rev. J. T. Scull, Sr., the Rev. Merritt Machlan, now pastor of the Methodist church at Sellersburg, Ind., and John Carpenter, deceased. Mrs. Hungerford was formerly Miss Clara Ward and Mrs. Alter was Miss Maggie Brookbank.

Their commencement was held in the Methodist church where Gowdy now stands, on March 13, 1884. The class address was given by the Rev. J. A. Sargens who was at that time pastor of the First Methodist church of this city. The diplomas were presented by Prof. J. L. Shanck who was county superintendent. Miss Lizzie E. Ging was the teacher of district No. 2, now Gowdy.

PASSENGER SCRAPES REAR END OF MACHINE

Mrs. Joe Clark Stops Car When Almost Clear of C. I. & W. Crossing and Flings Train

NONE OF OCCUPANTS HURT

A westbound C. I. & W. passenger train, which had slowed down, scraped the rear of Mrs. Joe Clark's machine at the Main street crossing last night about nine o'clock, but very little damage was done and none of the occupants of the car, including Mrs. Clark and her two children and her sister, Mrs. J. P. Miller and children, was injured.

Before crossing the track, while driving north, Mrs. Clark slowed down twice to make sure that a train was not coming. When the machine was on the track she saw the headlight. Mrs. Clark had checked her engine considerably and instead of taking the risk of trying to speed up and clear the track, she put on the brakes when the machine was almost clear of the crossing, jumped out and flagged the train. The speed of the train was considerably decreased when it scraped the back end of the car.

A large crowd of people soon gathered, thinking that someone had been hurt. The train came to a complete standstill when the engine was a short distance west of the crossing.

MORE THAN QUOTA IS RAISED BY ELKS

Committee, Unable to Give Exact Amount, Says Salvation Army Allotment is Oversubscribed

SOLICITORS ASKED TO STOP

City of Rushville Gives More Than Half of County's Share—Reports Are Incomplete

The Salvation Army Home Service fund is over the top in Rush county. Simultaneously with this announcement today by the Elks committee which was in charge of the campaign to raise Rush county's share of the fund of \$13,000,000, an urgent request was issued to all canvassers to stop soliciting for funds at once and make their final reports tomorrow.

The exact amount pledged by the people of the county was not known by the committee today, but those in charge of the drive have received enough reports, both by mail and over the telephone, to insure an oversubscription.

The reason for the committee's inability to give the total of the pledges and cash is due to the fact that various township chairmen have telephoned that they have raised a certain sum, but that they expected to get more. Using incomplete reports as a basis, the committee has found that the allotment of \$3,000 for Rush county has been more than raised.

The city of Rushville, it was announced, gave more than half of the county's share, which meant that subscriptions in this city alone amounted to a sum in excess of \$1,500.

There never seemed much doubt about Rush county doing her part in the campaign, because not one word of censure has ever been uttered against the Salvation Army record, especially during the war, when its services were regarded by the soldiers as indispensable.

A. L. Riggs was appointed county chairman for the drive about a month ago, and while he was debating about the method to use in raising the county's quota, the local Elks lodge stepped forward and requested permission to take charge of the campaign.

Elks lodge in many places were in charge of the drive. The lodge was the logical organization to direct the campaign because it was the Elks who saw the Salvation Army through the war and supplied it with money to carry on its war program up until the United War Work campaign was started shortly before the armistice was signed.

REPUBLICANS BEGIN PROBE WAR EXPENSES

Resolution to Investigate Expenditures of War Department is Opening Wedge

ACCOUNTING ON WILSON FUND

Washington, May 29.—Republican leaders in the house have started to find out what the government did with nearly thirteen billion dollars spent during the war. The introduction of a resolution to investigate the expenditures in the war department by Representative Graham of Illinois, was the opening gun in the series. It was said by prominent republicans today.

Demands on the floor of the house for some accounting on the \$100,000,000 turned over to President Wilson, forecast action in that direction also.

Republicans planned a special committee to delve into the accounts of the food administration.

VICTORY PAGEANT IS GIVEN BY CLASS

Commencement Program of Milroy High School Graduates Wednesday Night is Unique.

IS SYMBOLIC OF WAR SPIRIT

Mary Kitchen, in Roll of Victory, Bestows Palm on Members of Class Representing Allies.

The commencement program of the Milroy high school graduating class was given entirely by the class last evening with the exception of the music, which was furnished by Cole's orchestra of this city. The exercise was in the form of a Victory pageant and was symbolic of the feeling shown by true American citizens. The palm was bestowed upon the various countries by Mary Kitchen, class president in the role of Victory. Belgium, Serbia, Italy, Britannia, France and America all received the palm of Victory from her hand.

Lawrence Jackman as an American soldier and Frank Webb as an American sailor, lent color to the pageant as they were standing back and to the side of Victory. As a member of the class slowly came onto the stage representing their country, Victory, in bestowing the palm of honor, praised them for the splendid part they had played in the recent world war.

The second part of the program was taken up with the welcome speech by Paul Stewart, which was given splendidly. Reminiscences of the class of 1919 from the time they were freshmen, by Frank Jackman were also greatly enjoyed. Earl Jones gave a glimpse in the future and Paul Hardin had the honor of reading the last will and testament of the class. W. E. Wagoner, retiring school superintendent, presented the diplomas to the graduates. The valedictory was given by Fred Anderson, and the Rev. E. A. Robertson of the Methodist Episcopal church pronounced the benediction.

Those receiving diplomas were: Gladys Amburn, Fred Anderson, Beatrice Cameron, Ruth Greene, Lulu Harcourt, Frank Jackman, Lawrence Jackman, Earl Jones, Pearl Jones, Mary Kitchen, Freda Morgan, Paul Hardin, Roy Ruddle, Laura Smith, Paul Stewart, Jeanette Thomas, Frank Webb, and Guss Whiteman.

The stage was beautifully decorated to represent lattice work in streamers, in the color of the class, which were purple and gold. The class flower, the Gillianey Rose and the motto, "We pass for what we are," were also used for decorative purposes.

SENDS MEMORIAL DAY MESSAGE TO AMERICA

President Wilson Says Lesson of the Day is to Fulfill Hopes of Men Who Gave Lives.

HAS ADDED SIGNIFICANCE.

Washington, May 29.—President Wilson in a memorial day message to the American people today declared that the "impressive lesson and the inspiring mandate of the day" is to fulfill the hope and purposes to the utmost of men who surrendered their lives for their country. It was for the maintenance of the liberty of the world and of the union of its people that our men conscientiously offered their lives. The message cabled to the White House says:

"Memorial Day this year wears an added significance and I wish if only by message to take part with you in its observance in expressing the sentiment which is suggested."

GO THROUGH WAR TOGETHER

Ralph and Russell Wikoff Separated Only For a Few Weeks

Mrs. Emma Wikoff, formerly of Indianapolis, has just received a telegram from her son Ralph of 40, C, 113th Engineers, stating that he had safely landed at Camp Mills, New York, May 27. He has been given an honorable discharge from service. He and his brother Russell were very fortunate, having been in the same company and never were separated only a few weeks. Both have been in the service overseas since October. Russell is expected home soon.

GRAVES OF ALL WAR VETERANS MARKED

Committee Sticks Flags on Mounds at East Hill Which Will be Decorated Tomorrow.

SERVICES IN THE AFTERNOON.

The graves of all civil war veterans were marked in East Hill cemetery this morning by flags in order that they may be readily found for the Decoration Day services tomorrow. If there were any graves of the G. A. R., or Mrs. Selman Webb of the W. R. C., will be glad to be informed in order to mark them.

Those going to the cemetery and marking the graves included, Jabez Smith, Smith Carney, Dan Kinney, Luther Downey, P. A. Newhouse, Henry Schrader, Will McMellin, Mrs. Sarah Gullin, Mrs. Selman Webb, and Mrs. Will Barnbridge, and several others.

War veterans, school children and members of the W. R. C. will go to the cemetery tomorrow morning about ten o'clock to mark the graves and the formal Decoration Day services will be held in the sheriff's office in the court house at 1:30 in the afternoon. The Rev. C. J. Bunnell will deliver the principal address. It is requested that flowers for decorating graves be left at the sheriff's office between 8:30 and 9 o'clock tomorrow morning.

NINTH TOWNSHIP IN COUNTY TO REPORT

Walker Maintains Pace Set by Previous Ones in Almost Tripling Valuation of Taxables

LAND IMPROVEMENTS GAIN

The ninth township assessor has reported the results of the assessment in his township, bringing the total valuations in the nine townships for taxation purposes, up to \$34,204,093, as compared with valuations in the same townships last year totaling \$13,942,375. It will be seen that the pace set by Union township, the first to report, of tripling last year's assessments, is almost being maintained.

The last township heard from was Walker, valuations in which this year amount to \$3,692,900 as compared with \$1,491,635 last year. Real estate and improvements this year are valued at \$2,837,835 and last year were \$797,100. Land without improvements are \$2,456,750 and last year were \$814,880. Improvements are \$164,230 this year and were \$379,135 last year.

Lots are valued at \$17,470 and improvements \$75,805, making a total of \$47,600. Lots last year were \$7,615 and improvements \$30,985, making the total \$47,600. Personal property increased last year from \$464,925 to \$761,170 this year.

LEAGUE FAVORED BY BIG AUDIENCE

Resolutions Urging Its Ratification By Senate Unanimously Adopted at State Conference

CAMPAIGN OFFICERS NAMED

Franklin McCray of Indianapolis is Chosen State Chairman and R. E. Cavanaugh Secretary

Indianapolis, Ind., May 29.—The ratification of the league of nations covenant was favored by a large audience at Tomlinson hall last night when resolutions read by James A. Woodburn, professor of history at Indiana university, chairman of the meeting, were unanimously adopted at the closing session of the Indiana state convention for the ratification of the covenant. "By our entrance into the world war and by our participation in the peace conference we have made ourselves jointly responsible with the other nations for the restoration of the conquered and oppressed peoples," the resolutions say. "Belgium, Serbia and Poland are to be restored to life. New states are to be erected. What we have helped to restore and create we can not shrink from helping to maintain. If these weaker nations are again wantonly attacked it is inevitable that America will find her interests endangered and her honor involved. Among the nations today an injury to one is the concern of all. We can no longer be isolated from the affairs of the world. Having become an important factor in winning the world war we can not with honor avoid our responsibility in maintaining the world peace."

The resolutions say that the question of the league of nations should be kept clear from party politics, since "favoring the league is not a Democratic virtue, opposing it is not a Republican function."

The conclusion of the resolutions is as follows:

"We favor a league of nations, the primary object of which is to uphold international law and to maintain peace and justice among the nations of the world. We are willing for America to act in co-operation with other nations, yielding no more of our national autonomy than may be necessary to attain the great end in view—namely, to bring about arbitration and an arbitral court of justice among the nations, to restrain war-making aggressive and imperialistic powers from conquest and interference, and to protect every nation great or small in its right to its life, its liberty and its pursuit of happiness."

The resolutions, which were drawn by Dr. Woodburn, J. Frank Hanly and C. Z. Wiley, will be sent to Senators Harry E. New and James E. Watson.

The following officers of the league of nations ratification campaign were chosen:

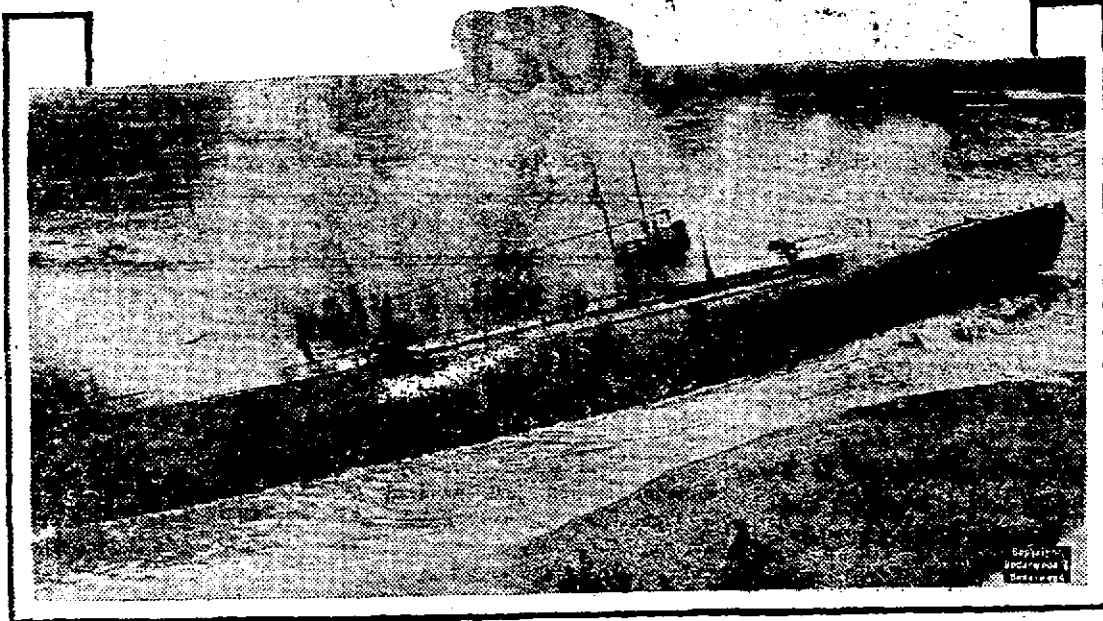

State chairman, Franklin McCray of Indianapolis; secretary, R. E. Cavanaugh, of Indianapolis.

SEE LEAGUE AS ISSUE

Chicago, May 29.—Rejection or acceptance of the league of nations was declared by democrats here in a national conference to be the paramount issue of the 1920 campaign.

An Internal Treatment For Piles (Hemorrhoids)

Gives Absolute Relief From All Pain and Suffering. Has Never Failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever, Ohio chemist, that taken internally passes unchanged through the stomach and intestines, and thus reaches the source of the trouble, where by its soothing, healing antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. (Adv.)

FINDS RACING FAME HAS ITS DRAWBACKS

EDDIE PULLEN

Eddie Pullen, winner of the 1914 Grand Prize at Santa Monica, and star contender in the Indianapolis 500-mile Liberty Sweepstakes on the Indianapolis speedway, May, 31st, finds that being a famous racing celebrity has its disadvantages.

A short time ago Pullen was astounded to read in a San Francisco paper—he lives in Oakland, across the bay—that he had married a Miss Rosa Bernauer, trained nurse, and would leave immediately for New York, where he planned to make his home. He also read that "when he drove for new honors on the Indianapolis speedway, Mrs. Pullen would be in the pits to take care of him in case of accident."

Pullen rubbed his eyes and then hustled across the bay to find out how the story had started. He found out that a man with the same name as his own had married, and either purposely or accidentally had given the impression that he was "the Eddie Pullen."

Eddie is not a bachelor, having been married long before he became famous for his exploits with a steering wheel; in fact he never starts in a race unless his baby's first pair of shoes is tied to the steering post of his car.

Callouses on the ball of the foot, cramping or stinging sensations in the toes, fallen arches and run over heels are unnecessary. No use to put up with the pain and discomfort another day.* Call at our store,

A Foot Expert

from St. Louis, will be here. He will examine your feet, without the necessity of removing the shoe, will tell you just what is the matter with your feet, and will relieve the trouble for you, by means of

Wizard Foot Appliances

which are made all of leather, no metal, having overlapping pockets with pliable inserts that build up the misplaced bones, which cause your trouble, with comfort from the start—no "breaking-in" necessary. No matter what you may have tried, come anyway. "Wizards" are different. No charge for examination. Everybody welcome.

WOMAN IS ALMOST KILLED BY A BOY

Mrs. Elsie Ray of Connersville Hit
on Head Three Times With Auto
Crank by Carl Smith

YOUTH BELIEVED DEMENTED

Connersville, Ind., May 29.—Mrs. Elsie Ray, 31 years old, mother of two children, twice married and twice divorced, daughter of one of Fayette County's well-known families, is in Memorial Hospital here, probably fatally wounded, and Carl Smith, 16, son of Harry Smith, former superintendent of the county infirmary, is held in jail without bond, as a result of an attack upon the life of Mrs. Ray at the children's playground.

The boy, said to be temporarily demented, according to witnesses, slipped up behind Mrs. Ray as she was walking across the playground, and with an automobile crank dealt her three violent blows over the

head, felling her. She is suffering from a deep scalp wound and other injuries.

The boy attacked the woman amid a crowd of children, who were playing at a school picnic. The daughters of the woman were in the crowd and they witnessed the attack on their mother.

Young Smith, it was said, in the local jail, told his mother that he had obtained Mrs. Ray's consent to marry her and that she had afterward jilted him. He had accompanied her to the playground this evening. The two had been seen together frequently, since Mrs. Ray received a divorce from her husband, Walter Ray, two months ago. Juvenile authorities have placed no charge against young Smith, pending the outcome of Mrs. Ray's injuries.

Pat—Calling Mr. Borzoi, the well-known actress, a "babe" cost Blanche Tontain, another actress, \$5,500 in damage.

RILEY ALL STARS COMING

Fast Indianapolis Team to Play at
Arlington Sunday.

The Riley All Stars will play the Arlington Red Sox at Arlington next Sunday afternoon. This team is said to be among the best traveling out of Indianapolis as it has many former semi-professional players in

the line-up. The line-up for the Red Sox in all probability will be as follows: R. Woods, 1 B.; H. Hank, 2nd B.; J. Woods, C.; S. Sharp, R. F.; C. Northam, L. F.; "Nick" Tompkins, 3rd B.; E. Hank, S. S.; G. Alexander, C. F.; and Peck Ormes, Pitcher. The manager of the Red Sox has his team in playing trim and this game is expected to be one of the fastest of the season, considering the class of the team from Indianapolis.

Cheer up!

The government has many millions of pounds of meat on its hands. These supplies were to have fed the army that is now being demobilized. The government has been considering the advisability of selling this meat abroad for fear of causing too great a slump in meat prices at home. It seems, at first, rather unreasonable that the government should object to lowering the prices of foodstuffs in this country. It hardly seems consistent with the function of a body appointed to protect our interests.

On behalf of the trade it is urged that he meat was sold to the government under contract, and that the conditions made by the government were severe. Profits made out of war deals were cut to the minimum by restrictions applied early in the war. The amount of commodity covered by the transaction was enormous, the bulk of that commodity is but the profit meagre. And now, if dumped on the market, the meagre profit, in the result, will be turned to serious loss. And a disaster to a tremendous industry with innumerable ramifications is a disaster to all of us. So many industries are interlocked with the meat industry that the damage done would be spread over a large area.

It all seems fairly plausible. But the American meat trade today supplies the world. If the meat is sold abroad, foreign prices will drop, although they are maintained here. So whatever happens, there will be a drop somewhere—here or abroad. And as our meat trade is supplying the world, there is not much danger of the industry languishing. One glance at the prices of packing house bond issues should reassure the most despondent. Cheer up, packers! You are doing pretty well.

Good Roads—And Plenty of Them.

What America needs is unity—not an aggregation of discordant entities. The former means irresistible national strength, the latter stands for perpetuated decrepitude.

If we are to be united we must get to know each other. We must increase the means of geographical intercommunication. The railroads can't do everything—and they certainly don't. The whole country

A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now," she said, "he works ten hours a day and is the happiest man in the world."

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life rich in thought, ambition and enthusiasm."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Pitman & Wilson, Druggists, and leading Druggists everywhere.

Sap and Salt

By BERT MOSES.

It is easier to reform other people than it is to reform yourself.

The man who does just enough to "get by" never has his wages raised.

Some men grow into a job and sick, while others outgrow the job and go on.

Thinking things out is fine, but doing the things is all that counts in the long run.

Money is a good deal like a cess-pool or a sewer—we can't get along well without it.

Hez Heek says: "Some girls know too much, but the average is held true by girls who don't know anything."

Getting up early in the morning and working in the garden is finer than staying up late at night trying to draw aces.

should be a network of well kept highways.

Nearly every man who draws union wages regularly and has an average acquaintance with machinery can afford to buy and maintain a low or medium priced automobile. There are few farmers who can't. The per capita proportion of cars to population is growing so fast that problems of locomotion are rapidly solving themselves. Already we find governors of adjoining states co-operating to promote road building schemes.

No project is more wholesome. No movement shows sounder political judgment. When our \$100,000,000 population ceases to be a motley group of disjointed commonwealths each commonwealth conserving with in itself a babel of tongues, dialects, ceremonialisms and patois, then, and not till then, will we present to the whole world a type of self-dependent nationalism which all will desire to imitate and none will dare assail.

If you think making the Versailles peace treaty was a simple matter, just try your hand at composing some little neighborhood difference. You will come out of it with a new sense of the complications of peace.

The Prince of Wales has looped the loop over London in an airplane seven times. If after his accession his throne should suddenly be overturned, he would know exactly how to deal with that dizzy sensation.

Wages have to go up, because prices are higher, and then prices have to go up because labor involved costs more, and the wages—What are we getting anyhow? An endless chain?

MAY CALL CONFERENCE TO SETTLE THE STRIKE

Sir Robert Borden Today Considers This Step as Solution to Situation in Canada.

WORKMEN ASK 8-HOUR DAY

(By United Press.)

Ottawa, Ontario, May 29—Sir Robert Borden, is understood to be considering a call for a general conference to settle the strike which is throttling industrial life in all Canadian cities.

All parties concerned in the strike would be invited to this conference.

The strike continued in Ottawa today. In other cities labor unrest was apparent, according to advices from all parts of the country.

In Toronto the situation was tense. A general strike will go into effect there tomorrow unless Borden can bring about a settlement. The labor men want an eight hour day.

By picking English out of Russian type with medical tweezers, the Red Cross edition of the American Sentinel managed to furnish the American soldiers in the Archangel district with a four-page weekly paper of U. S. news.

Amusements

Marguerite Clark Tonight

"Three Men and a Girl" is the offering at the Princess theatre tonight and Friday.

The theme deals with three men, all of them woman haters, and a vivacious girl who, to escape an odious marriage, find refuge in the summer camp where the men had gone to escape women. One of these, Christopher Kent, is pursued by a woman, while Julius Vanne-man, a socialist hates womenkind because he was jilted. Dr. Henry Forsyth, the third of the bears, as Sylvia Weston, the girl calls them, is the self-constituted guardian of the others.

When Sylvia escapes from her home to avoid wedding an old man she despised, she flees to the woods and finds refuge in a summer camp where the three women haters are living. When they return, they find her asleep curled up on a couch. They are extremely annoyed and Sylvia terms them bears and leaves them to take up her residence in a nearby house with her nurse.

A dead line is established between the two habitations, but strangely enough, the haters of women seek to cross the dead line continually to talk to Sylvia whose beauty charms them. So it happens that she falls in love with Kent, the "little bear." The support is excellent.

"Happy Though Married," with Edna Bennett in the starring role will be shown Saturday.

"Winner Takes All" at Mystic

A scene was being filmed from "Winner Takes All," a thrilling Bluebird photoplay of the big west, in which Monroe Salisbury required the services of a little chap of six years who was supposed to cry mighty crocodile tears for the camera. This picture is being shown at the Mystic theatre tonight.

The little fellow flatly declined to cry, on the grounds that only babies do such things.

Salisbury and Elmer Clifton, the director, pleaded with him.

"A-ah, ah-ah," Salisbury began, "little man, please cry."

"I dowaanna cry," came the answer.

Pled with candy until his little chest slipped down into an abdominal bay-window, paddled until his mother's hand was tired and wheedled with all the diplomacy of a sailor trying to borrow money from a marine, the little urchin continued to grin cheerfully.

Again Salisbury took the spokesmanship and resorted to dignified persuasion.

"I say, little chap," he said, "kindly cry."

Enraged at being addressed as "little chap", and annoyed at being pestered, the small person flew into what is technically known as a high dudgeon and burst into a torrent of excellent tears. Before he could see that the camera was at work he had cried sufficiently for the scene desired.

JOINT MEMORIAL SERVICE.

The Red Men and Odd Fellows lodges of Arlington will join in holding memorial services at the Arlington East Hill cemetery next Sunday. All members are requested to attend meetings at their respective halls at 12:30 Sunday.

RHEUMATISM LIKE A MULE

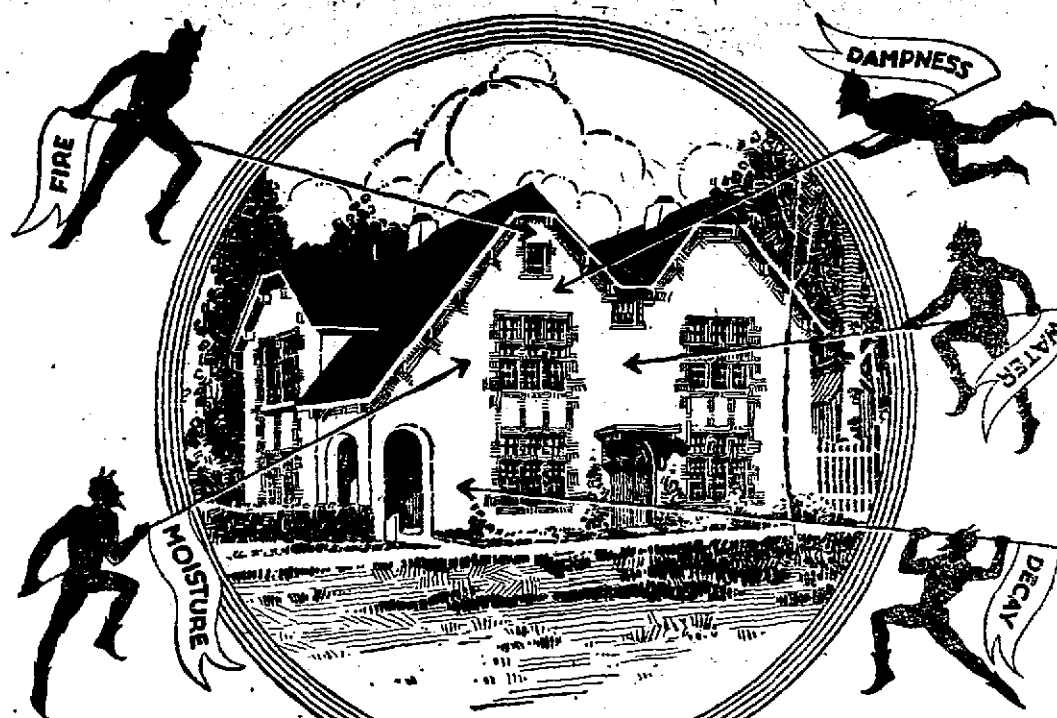

You've got to coax it to make it go. "Neurone Prescription 99" will start the most stubborn and dogged case of rheumatism.

We have witnessed its effectiveness in hundreds of cases, it does things.

"Neurone Prescription 99" is entirely different from the old preparation in that it aims at eliminating all Rheumatic poisons by purifying the blood, common sense teaches you this.

It removes those awful pains, limbers up those swollen stiff joints and muscles in a way that will surprise you. Get a bottle today, get the old stuff out of your system. 50c and \$1 the bottle at your druggist.

Pitman & Wilson, Druggists, and leading Druggists everywhere.

A Kellastone Home Defies the Weather Elements

Watch out for destructive weather elements when you build. Heed the warning of the experienced contractors and architects and choose a building material that will not fall prey to the ravages of rain, snow, heat and cold.

After all, the real satisfaction of owning a home is knowing that it represents a sound investment. Remember that security in building is measured by the strength and permanency of the exterior walls. As evidence of this, we point to the thousands of buildings which stand as a lasting tribute to

KELLASTONE
IMPERISHABLE STUCCO

Time exacts no toll of deterioration when you build with KELLASTONE. Here is a material which affords a life-time of security from the evils of wear and weather. It is immune to fire, frost, heat and cold. No need of frequent painting or constant repairing. No high premiums for insurance—no excessive fuel bills. The first cost is the last cost.

KELLASTONE is a scientifically balanced composition that doesn't contain a particle of lime, gypsum or Portland cement. It does not crack like ordinary stucco; sets up in a hard stone-like mass, and regardless of atmospheric conditions, it remains clear and brilliant. Learn all about this twentieth century stucco—send for free booklet — "The Story of KELLASTONE."

Sample of this work in progress at the Ford Bldg. (Windsor Hotel) and may be inspected by the public.

AVIATION MAKING RAPID PROGRESS

American and Great Britain are Waging Hot Contest for Supremacy in the Air.

A SCHOOL FOR AERONAUTICS

Chicago, May 29—That aviation is making great strides in this country, promising a warm contest with Great Britain for supremacy in the air, is indicated by the confidence with which the nation's largest institution of aeronautic learning is speeding up its educational program.

The appointment of West Lieutenant Raynor Garey, of the Aviation Section, Signal Corps, and still on active duty in the office of the Director of Military Aeronautics in Washington, to be principal of the Academy of Applied Aeronautics at Chicago was announced today. Lieutenant Garey not only will head the corps of instructors at this big institution, but he also will assist in a campaign of public education, co-operating with Washington officials, in an effort to make the people of the United States realize the importance of placing this nation among the leaders in aerial development.

Lieutenant Garey graduated from the second officers' training camp at Fort Myer, Va., in 1917 and was commissioned First Lieutenant, Aviation Section, Signal Corps. He was sent to Selfridge Field, Mount Clemens, Mich., and there acted as Assistant Engineer Officer in charge of aero repairs. When the school for training mechanics was established he was made assistant to the officer in charge. Subsequently he was placed in charge of the instruction department of the Military Mechanical Instruction Branch in the office of the Director of Military Aeronautics. He instructed flyers at Bolling Field, Anacostia, D. C.

JUST LIKE CITY WATER

With a "V&K" System in the home you can have every modern comfort and convenience depending on water under pressure.

If you live where electricity is not available for power, we can supply you with a gas engine driven outfit.

No matter where you draw the water from—well, cistern, spring, lake or stream, there's a "V&K" that will do the work.

Call and let us show you the "V&K" best suited for your work.

FILES SUIT FOR DIVORCE

Maud L. Wolcott Asks Decree of Separation From W. H. Wolcott

Mrs. Maud L. Wolcott today filed suit in the circuit court for a divorce from her husband, William H. Wolcott, a traveling salesman. The bill of particulars was withdrawn from the office of the clerk of the court after it was filed and the allegations made by Mrs. Wolcott could not be learned. Mr. and Mrs. Wolcott have been married several years and live at 332 North Perkins street.

Days Pickings

Fred Boxley has purchased the O. C. Bryan property at 317 West Third street.

Earl W. Albright has sold his property at 1126 North Perkins street to Louis Manzy and will give possession in about ten days.

A new telephone has been installed at the home of the Foust Girls 309 West First street. The number is 2261.

The ladies of the Sexton Christian church will have an exchange Saturday morning in the Singer sewing machine room on West Second street.

The Christian Union church of Homer will reopen services Sunday after being closed for a few weeks on account of the smallpox. Sunday school will begin at 10 a. m.; morning services at 11 a. m. and evening services at 8 o'clock. The evening service will be a tribute to Mothers Day. Theme of address, "Honor to Whom Honor is Due." Everybody is welcome to attend these services.

MARRIED IN ARLINGTON

Miss Marie Buckley, daughter of Mr. and Mrs. Abram Buckley of Maunilla and Orville T. Edwards, son of Mr. and Mrs. Robert Edwards of near Homer, were quietly married yesterday evening by the Rev. F. M. Westhafer of the Arlington Methodist church at Arlington. Mr. Edwards was recently discharged from the service, having studied to become a veterinary two years previous to enlisting.

80 MISSING AFTER FIRE

London, May 29.—An exchange telegraph from Cologne filed Wednesday, reported that fire in a building occupied by Americans, caused an explosion of a munition dump, and added that 80 were missing. It is not known whether this referred to American casualties.

PLENARY SESSION IS DELAYED 48 HOURS

Continued from Page One
stated, indicated a willingness to make some concessions.

The fact that the allies are still disagreed over important clauses at the eleventh hour, however, will not interfere with the presentation tomorrow, it was stated.

If the Italian claims are still disputed when the time comes for informing the Austrians of the terms, the section referring to the Adriatic, will be withheld and made known if a settlement is reached.

TO BE BACKSLIDERS NIGHT

Special Observance at Salvation Army Revival This Evening

The revival being held at the Salvation Army hall is in full swing and backsliders night will be observed tonight. "The dog is turned to his own vomit again; and the sow that was washed to her wallowing in the mire," is the text that will be used by the speaker tonight in his appeal to those who once walked with the Man of Galilee, to return.

An all day meeting will be held, Sunday. Those who attend are urged to take lunch. Envoy Gibson was the speaker last night.

TRY A WANT AD

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women.

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves. People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

GUNN HAYDON

Mrs. Carl Gunning will be hostess for the Thursday Afternoon Bridge club tomorrow afternoon at her home in West Tenth street.

Miss Leonora Norris will entertain the members of the Happy-Go-Lucky club Friday afternoon at her home in North Morgan street.

The War Mothers' Club met yesterday afternoon with Mrs. G. W. Skipton, at her home in West Fourth street. The afternoon was devoted to a business meeting, at which a program was prepared for the Memorial services to be held tomorrow afternoon.

Mr. and Mrs. Wilbur Nowlin entertained at dinner Sunday, at their home southeast of New Salem. Mr. and Mrs. Bert Chew, Mr. and Mrs. Harry Thornburg and daughter Helena of Richmond, Mr. and Mrs. Clarence Whitton and son Gils and Samuel Whitton of Raleigh.

Mr. and Mrs. George Sandley entertained with a dinner party yesterday at their home in West Ninth street. The table was centered with a bouquet of spring flowers and covers were laid for Mrs. Susan Tingley and Mrs. Sarah Ann Cassady. Mrs. Tingley is one of the oldest women of Rushville, having celebrated her 95th birthday, the seventh day of April.

Mrs. Arthur Talbot entertained the members of the Doreas Circle of the Morristown M. E. Sunday school, yesterday with an all day affair at her home southwest of the city. A delicious perch-in dinner was served at noon and the remainder of the day was spent socially. The guests of honor were Miss Emma Miller of this city, and Mrs. Foxworthy of Indianapolis.

Miss Ruth Chadwick, age nine, entertained a number of friends at her home in North Willow street yesterday afternoon in honor of her twin brother and sister, Esther and Lester, the occasion being their twelfth birthday anniversary. The afternoon and evening was spent in contests and various games and late in the evening refreshments of ice cream, cake and strawberries were served. Those enjoying the social time were Ruth Chadwick, Lida Warring, Beatrice and Leona Cross, Roscoe Order, Melvin and Hilda Farthing, Gerald Stevens, Morris Stevens, Marie Order, Claude Order, Maurice Croddy and Charles Roam.

The first anniversary of the Fairview High School Alumni association, which was celebrated with a banquet at the high school building last Saturday night, was attended by 130 guests and was a most enjoyable affair. The guests assembled in the library and enjoyed a social hour before the banquet was served by the domestic science class of the high school in the gymnasium. One hundred and twenty-five guests were seated at three long tables and the eight honored guests at a small table. The guests of honor were: U. G. Hinckman, town-ship trustee, and his wife, Judge and Mrs. Raymond Springer of Connersville, the Rev. and Mrs. G. C. Powers of Bentonville and Prof.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy prenatal disposition has upon the health and future of the generations to come. There is a splendid preparation women for over half a century have applied before the start of pregnancy known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of hard, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, heartburn, pain, strain and general discomfort more often than otherwise experienced when nature is unaided. By the use of Mother's Friend night and morning the baby comes at the time at the time and pain and danger is naturally avoided. Write the Bradford Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

E. R. Jeffrey, principal of the school, and wife, Prof. Jeffrey actor as townmaster and the following responded to toasts: Cary Carson of Indianapolis, a graduate of the school; Judge Springer who also graduated there; Dr. Clarence Hinckman, of Geneva, Ind., an alumnus of the school; Irvin Fairmeier of Bentonville, former Fairview teacher, the Rev. Mr. Powers and Vern Freeman, a member of the class of 1919. The Ben Kahn orchestra of Connersville provided music during the evening.

Chester Saxon was elected president of the association for the coming year. A. B. Hinckman was chosen vice-president and Glen Smelser secretary-treasurer. Mr. Hinckman, president, and Mr. Saxon as secretary-treasurer, were last year's officers who arranged the banquet. Graduates who received their diplomas as far back as 1893 were present.

YOUNG PRINCE GIVEN FREEDOM OF LONDON

With All The Ancient Ceremonials. Event Proves an Imposing Military and Civic Show

CITY'S FET GUARDS PRESENT

(By United Press.)

London, May 29.—With all the ancient ceremonials, the Prince of Wales was today admitted to the "Freedom of the City of London." Members of the royal house can claim the freedom as a right, but it is never done, and the bestowal of this, the City's highest civic honor, is far less common in the case of royalty than of distinguished "commoners."

The ceremony was made the occasion for an imposing military and civic show, the Prince driving, escorted by cavalry, to the Guildhall where he was received in state by Lord Mayor Sir Horace Marshall, A guard of honor of the Honorable Artillery Company, (the City's pet "Guard") rendered royal salutes, and the City Trumpeters, in scarlet and gold, sounded, a fanfare.

The Prince arrived punctually at 12:30 p. m. and was conducted by the lord mayor, the city chamberlain, the city marshal, and other dignitaries to the council chamber, where the members of the council and the court of aldermen were assembled. The parchment certificate of freedom was in a handsome gilt frame, instead of the customary scroll, an economy effected at the express desire of the Prince.

At the decree conferring the freedom had been read by the City Chamberlain the Prince replied briefly, and the whole party afterwards adjourned, by carriage, to the Mansion House, a couple of hundred yards away, where the royal Freeman was entertained to luncheon by the Lord Mayor. The Prince responded to the toast of his health.

MRS. E. P. BICKNELL

Mrs. Ernest P. Bicknell, in charge of a Red Cross bureau in Paris, has been decorated by the queen of Belgium for distinguished service.

LADY READING

Lady Reading has departed from Washington with her husband, for he has completed the special work for which he came here as British ambassador and has gone home. This is a new photograph of Lady Reading.

For a Pain around the Heart after Eating.

TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

An additional sum of \$100,000 appropriated by the Red Cross will maintain its sanitary units and dispensaries at the military cantonments in this country until June.

Because of the Red Cross, an enlisted man convalescing at Vichy, can live on nothing a day and never want a thing from vaudeville and movies to hot baths and lunches.

Once again comes the day when we should all join in giving

Honor to the brave heroes Who fought for the right

Our store will be closed all day Friday, Memorial Day

Mr. and Mrs. Benton McConnell and family were the guests of Mr. and Mrs. John Mangold and family Sunday.
Mr. and Mrs. Enoch Hood of

A HOT SPOT Chalmers
is a nimble creature of steel

AFTER you've had one ride in a Hot Spot Chalmers you'll wonder how it is possible to put so much "action," so much cagerness, so much desire-to-go in a ton-and-a-half of steel.

Take the engine out of the chassis and you have a car more or less like many others.

Put in the engine, and you have all the difference in the world.

For this great engine of the present Chalmers (medium sized though it be) has a way of making gas perform as no other engine ever has done.

The reason why is Hot Spot. Which "pulverizes" gas into a very "dry" state. This "dry" gas is then passed on to the cylinders via Ram's-horn and when those six spark plugs ignite the fuel there's action de luxe.

Hence you find a certain, indefinable nimbleness to a Chalmers that is tempting whether you're a front seat or a rear seat driver.

Don't be half-fashioned about a car. See the Hot Spot Chalmers.

removes hard growth by painless absorption, takes out swelling, soreness, pain and you walk with comfort from the start. RED TOP is the sure, safe way to foot comfort—it's simple, easy to apply, comforting to wear. Sure relief or money back. Many applications in 24 "handy roll." Sold by
Price 25 Cents
McINTYRE'S

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

starting for South America with a herd of 20 cattle from Purdue university.

Mr. and Mrs. Ed Moore of Shelbyville spent Sunday evening here with his parents, Mr. and Mrs. James Moore.

Mr. and Mrs. Cecil Tuell and baby and Herbert Maple spent Sunday as the guests of Mr. and Mrs. John Humphrey.

Mr. and Mrs. George Davis and family spent Sunday in Laurel.

Mr. and Mrs. Will Bookleman and family visited in Jennings County Sunday.

Mr. and Mrs. Earl Henderson and family of near Milroy were the guests of relatives here Sunday afternoon.

Mr. and Mrs. Elmer Lewis and family spent Sunday, as the guests of Mr. and Mrs. Roscoe Linville and family.

Mrs. Rose Van Rissen of Cincinnati Ohio, is visiting relatives here.

Mr. and Mrs. Albert Christian and family of Greensburg spent Sunday afternoon with Mr. and Mrs. Will Lawson.

Mr. and Mrs. Harry Bowen and family spent Sunday as the guests of Mr. and Mrs. Will Osborne and son.

Mrs. Lundy Lewis and daughters Annie and Clara, and Mr. and Mrs. Ed Bayless and daughter Marguerite were visiting in Greensburg Tuesday afternoon.

Opal Linville is visiting her sister, Mrs. Reece Stott, at Batesville.

Mrs. Sam Dohyns and Miss Naney Bolling spent Sunday as the guests of Mrs. Henry Winker.

Several from here attended the Elks supper and dance at Greensburg Wednesday night.

Mr. and Mrs. Frank Morgan and son spent Sunday in Rushville.

Mrs. C. A. Martz entertained the Delta Theta Pi club members Friday afternoon. Miss Miriam Beall, Florine Hite and Margaret Hite were guests.

Miss Mary Helen spent several days last week with her grandfather, Dr. C. M. Beall.

Hiram Smith is visiting his brother, J. L. Smith.

Mr. and Mrs. H. W. Davis and family spent Friday in Greensburg.

Mr. and Mrs. E. S. Fee and family will go to Berea, Ky., Wednesday to visit relatives.

Mrs. Anderson Brock has returned to her home in Maysville, Ky., after spending several weeks here with her son, A. T. Brock.

Mrs. Adella Dohyns has returned home after spending several weeks with her daughter in Shelbyville.

E. S. Fee and family spent Tuesday and Wednesday in Indianapolis with their daughter, Mrs. Walter Palmer.

Children's Day exercises will be held next Sunday evening at the Christian church.

J. L. Emmert spent the week-end at Lawrenceburg.

Mr. and Mrs. Henry Springmire and family spent Sunday with Mr.

**Says His Prescription
Has Powerful Influence
Over Rheumatism**

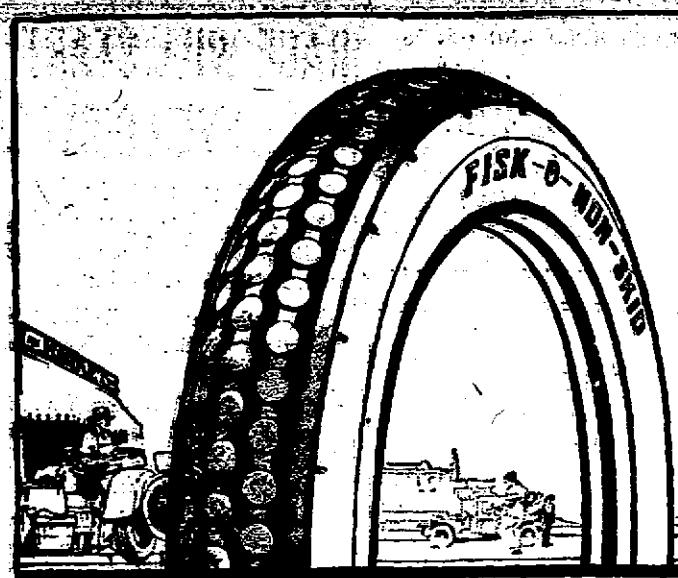

**Discoverer Tells Druggists Not to
Take a Cent of Anyone's Money
Unless Allenchu Completely Banishes
All Rheumatic Pains and
Twinges.**

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.—(Adv.)

Fisk Tires Going Onto More Cars Every Day

CONDITIONS these days—the larger demands on everybody's purse—are leading motorists everywhere to look more closely into the actual value of automobile tires.

We see it every day. See it in the steadily increasing demand for Fisk Tires.

Fisk Tires give certain very definite features that more and more motorists have come to look for—greater uninterrupted tire mileage, longer life, greater safety under all driving conditions.

As an enlightened motorist you want your tire expense cut down to where it really belongs. Next time—Buy Fisk.

and Mrs. Ralph Springmire and son near Greensburg.

Mrs. Will Lawson had a surprise party Thursday for her daughter Gay Nell. All kinds of games were played and after refreshments were served. Gay Nell received many pretty presents. Those present were Corinne Borders, Albert Brock, Dorothy Dohyns, Ruth and Morris Bruner, Mary Ellen and William Cooper, Loren and Hilda Linville, Walter French, Roland Dickson, Helen and Thomas Linville, Clarence and Ruby Vail, Mabel Bayless, Ruth Rosenberry and Clarence and Wilson Davis.

Mrs. Bess Hardin has received word that her husband, Deft Hardin, has arrived at New York from France.

Mrs. Tama Gaus entertained with a pitch-in dinner Sunday the following guests, Mr. and Mrs. Rube Davis and daughter, Mr. and Mrs. Eli Phillips and family, Mr. and Mrs. Ed Waterman and family, Mr. and Mrs. Albert Whistle and Mr. and Mrs. Bront Harsh.

To provide for the thousands of people still passing through Epernay, the bombed-to-pieces Franco-American canteen opposite the cathedral has been rebuilt. The sisters of Secretary of State Lansing are in charge.

At the new U. S. Embarkation Center at Le Mans through which the entire A. E. F. must pass on its way to the coast, 24 Red Cross canteen girls will run the station canteen and rest house. The Red Cross is preparing dormitories and shower baths for the men.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear over night. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

TAKES HOLD AND HELPS

Colds that "hang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Marie Heisler, Freeport, Ill., writes: "I had more or less of a cough for years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Children like it. F. B. Johnson, Adv. 5

Promise without performance is no builder of confidence. All the advertising we have published on the merits of

BEACON SHOES

would have been barren of result unless the quality we promise had been delivered.

No more indisputable proof of this can be had or asked than the present persistent, daily growing demand for BEACON SHOES—Shoes that fit, wear and hold their shape.

Shuster & Epstein

BLUE FRONT

115 West Second St.
"A Little Off of Main,
But It Pays to Walk"

RACE WILL START AT ELEVEN O'CLOCK

Time Changed Hour Later in Order for Official to Handle Large Crowd Expected.

FLAG PARADE BEFORE RACE.

The Usual Preliminary Testing of the Cars Will be Made by American Automobile Association.

Indianapolis, Ind., May 29.—The start of the international 500-mile Liberty Sweepstakes race on the Indianapolis motor speedway, May 31st, has been changed to 11 A. M. instead of 10 A. M. as originally announced, to give an hour more time in handling the enormous attendance that is expected, which, judging from the advance seat sale, will run close to 100,000, if not exceed this mark.

Spectators are urged to start for the track as early as possible, in order to reduce the congestion at the gates, and insure the presence of every one in time to witness the flying start of the contest, one of the most spectacular events in human experience, with thirty three cars racing toward the starting line in close packed formation at ninety miles an hour speed.

Preceding the flying start there

will be a parade of the flags of the 124 Four among the allied nations in front of the grand stands, together with the flag of Belgium, hero nation of the great war. Massed bands from various cities throughout the middle west, totaling 325 musicians, will escort the flag parade.

In addition there will be the usual preliminary testing of cars with respect to safety by the representatives of the American Automobile Association, such as the brake test in which every entrant is required to demonstrate that he can stop his car within a given number of feet, and the examination of various vital parts, such as front axle, wheel spindles and steering connections.

There will be plenty to keep the crowd amused and occupied until the actual start of the event, and every one who can is requested to get out as early as possible, in order to prevent the disappointment of those whose business affairs may detain them and perhaps cause them to miss the start of the race, if there is any congestion at the gates and along the roads leading to the grounds.

Indianapolis Speed Fragments

Several leading newspapers of Paris, France, have arranged for a direct cable connection with the Indianapolis motor speedway in order to obtain flashes on the progress and outcome of the international 500-mile Liberty Sweepstakes race on the big Hoosier oval, May 31st. The foremost stars of the old continent are entered in the event.

The appearance of the name of J. J. McCoy among the entrants for the Indianapolis Liberty Sweepstakes race is the first time that any one of this name has figured as a speedway performer since Kid McCoy, of fistie fame, essayed the role of relief driver to the late Louis Strang, in 1911. If J. J. can prove as deft with the wheel as the Kid was with the padded mitts, he will be able to inscribe his name in large letters on the speed roll of honor after May 31st.

Detroit is represented by fourteen entrants in the Indianapolis Liberty Sweepstakes race out of the original total of forty-three, or practically a third of the field. DePalma's Packard, four Frontenacs, which were built in Detroit, though they hail from Plainfield, N. J., seven Hudson, two of them rebuilt jobs raced under other names, and Frank

EDGAR THOMAS, Clerk.

Book's Peugeot and Detroit Special complete the list.

Ralph DePalma expects his luck to hold during the Indianapolis Liberty Sweepstakes race, as he will have beside him the only mechanic who ever brought him victory on the Hoosier track. This is Louis Fontaine, the diminutive Frenchman from Milwaukee, who rode with the celebrated Italian when he won in 1915. DePalma would not sign his entry until he was sure of Fontaine's assistance in this year's classic.

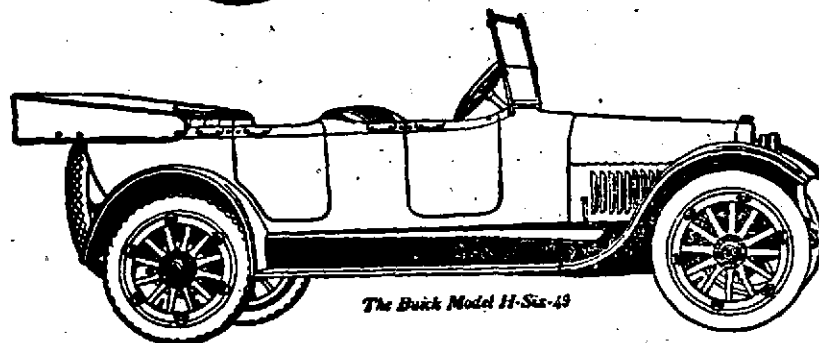

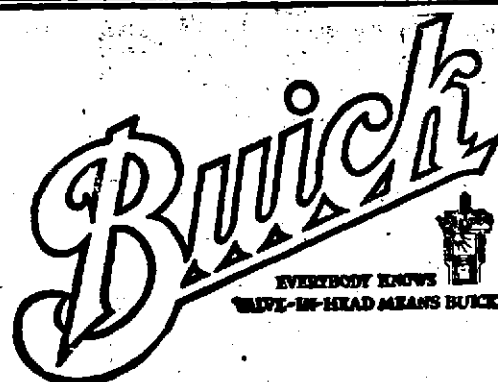

AWARDED THE FRENCH CROIX DE GUERRE

Private T. V. Thomas of Near Straughins Station Given Posthumous Decoration.

Private Thomas V. Thomas, son of Sylvester E. Thomas of near Straughin, who was killed in action in France, has been awarded the Croix de Guerre posthumously by the French government, and Mr. Thomas has received both the cross and the original citation, together with its translation into English.

Private Thomas was a member of the 18th Company of the 5th Regiment of Marines and the citation tells how he bravely faced death on the battlefield. Private Thomas V. Thomas, "reads the citation. "picked up the automatic rifle of a wounded comrade, courageously used it in order to attack an enemy machine gun in action on the storming party, and was himself killed." The citation is dated November 11, 1918, and was issued from the general headquarters of the French army. Thomas was killed in the fighting of Chateau-Thierry last June.

The citation and award of the Croix de Guerre were sent to the war department at Washington and then forwarded to Mr. Thomas. Accompanying the war cross and the official citation was a brief note from the war department adding to the praise of the French government and expressing to Mr. Thomas word of appreciation for the bravery of his son.

The Buick Model 11-Six-49

THE fuel economy of the Buick is a hard reality.

Built into the car twenty years ago, with the first Buick Valve-in-Head Motor,—increased in degree as this motor has been developed.

The Buick Car is twenty years old. The Buick Valve-in-Head Motor is twenty years old. The car and the motor have been developed side by side—co-ordinated as a unit—a motor for the car, a car for the motor.

The Buick is built around the Buick Valve-in-Head Motor. First, the best motor that can be built; then a car in every part equal to its motor; that is the Buick creed.

HOW TO GROW

Cucumbers.

Two to five hills of cucumbers usually will produce enough for the ordinary family. Cucumbers require considerable space, and for that reason they may not fit into the scheme of small gardens. It is possible, however, to plant the cucumbers along a fence or near a building and train the vines on a support of wire or strings so that they will not encumber the ground or occupy the space required by other crops.

In making the hills or the row in which the seeds are planted, a small amount of well-decayed manure should be used carefully to prevent injury.—United States Department of Agriculture.

Corns Peel Off Painlessly

There's Only One Genuine Corn Peeler—That's "Gets-It."

There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gets-It" is the only corn remedy in

"2 drops of 'Gets-It'—Corn is doomed." The world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "pack-ages," plasters, greasy ointments that rub off, sticky tape, and digging knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It." It takes 2 or 3 seconds to apply "Gets-It." You use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

NATION'S HEALTH IS THREATENED

National Tuberculosis Association Does Not Want Sick Soldiers Discharged

MANY SAID TO BE DISEASED

Fear That if Tubercular Patients Are Discharged They Will Spread The Disease

New York, May 29.—A situation seriously threatening the health of the nation has arisen as a result of the insistence on the part of parents and friends for the discharge of soldiers suffering from tuberculosis, according to an announcement made today by the National Tuberculosis Association.

Under a special order issued by the War Department the first of the year, parents or friends of a consumptive soldier can obtain his discharge upon guaranteeing that he will continue to receive proper care and medical supervision. According to William H. Baldwin treasurer of the National Tuberculosis Association, the order has been taken advantage of in a considerable number of instances, in which, through misunderstanding, or because of mistaken kindness, discharges have been obtained for patients who should have remained for treatment and in the army tuberculosis hospital.

Investigations have shown that in many cases not only have the guarantees not been fulfilled but that frequently they were given by relatives who did not fully realize the real nature of the soldier's ailment. The Surgeon General's office has also learned that in some cases soldiers in military hospitals had secured discharges on guarantees obtained from friends who did not even know that the men had tuberculosis.

Fearing the spread of tuberculosis that will result if soldiers are prematurely taken out of military hospitals as well as the danger to the patients themselves army authorities are now seeking the co-operation of parents, as well as of private organizations engaged in the fight to control the disease.

It is believed, according to Miss Ruth Emerson, head of the Medical Social Workers of the Surgeon General's Office, that if the relatives of an afflicted soldier fully understand his condition and the special care he needs, they will desire that he remain under military jurisdiction for treatment, especially when they realize that with the sanatorium care offered by the army the chances for complete recovery are greatly enhanced.

The war department has issued an order instructing the commanding officer at each of the army tuberculosis hospitals to send as soon as a man is received to each soldier-patient's next of kin a letter giving full details of the case.

RICKENBACKER GETS A ROYAL RECEPTION

Indiana Business Men Welcome the American Ace of Aces who Returned to Stamping Ground.

TO GIVE LUNCHEON FOR HIM

Indianapolis, Ind., May 29.—Captain Eddie Rickenbacker, American ace of aces, returned to his old stamping ground today and received a royal welcome at the hands of Indiana business men.

The board of directors of the Chamber of Commerce will give a luncheon in honor of the air fighter at one of the city's leading hotels tomorrow. Officials of the American Automobile Association and Speedway officials—here for the 300 mile Liberty sweepstakes auto races—are to be guests at the luncheon. Many prominent men will address the gathering and Rickenbacker, himself, will talk.

Tonight he will deliver an address on the battle of the western front at Tomlinson hall. This will be for the benefit of the Boy Scouts.

CALLS ATTENTION TO INSURANCE LAW

Auditor of State Refers to Section Nine in Letter to Clerk of The Circuit Court

BUREAU RATES ARE DEFINED

George B. Moore, clerk of the county court, has received a letter from Otto L. Klauss, state auditor, stating that the law regulating the rates of the fire insurance companies doing business in Indiana, passed by the last legislature, has been published and is now in effect and desires to call the attention of the public to section nine of the act.

This section reads: "All rates, subject to the provisions of this act, that are published or in force upon the day this act becomes effective, shall be effective as the bureau rates and changes shall only be made in the change or risk or hazard. A charge of discrimination shall not be predicted upon any

WOMAN'S CASE AMAZES RUSHVILLE

A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor, hydriastis, etc., as mixed in Lavopik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle of Lavopik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. WOLCOTT, Drug-gist.—(Adv.)

such rates in force at the time this act takes effect."

There are a number of risks in the State of Indiana that have been written at less than tariff or published rates and these are the rates that are now in force. If an attempt is made by agents or companies to increase these rates because same are published rates, the latter should be referred to the office of Mr. Klauss, the letter says.

"I Want the Swellest Range"

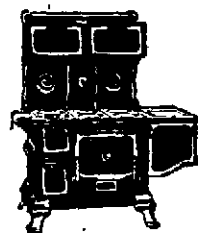

"I want the swellest range in the state, and I want it quick," said a man. He had postponed this purchase as long as he could—so long that he was now ashamed and to make up for all he determined to buy the "swellest," as he put it.

Here is what he bought.

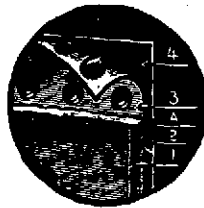

He didn't give it a thought. It was fussy—full of frills and foolish ornaments—and he

bought it. Had it been a piece of machinery he would have read up on it, but he didn't have to use it—nor see it all day—nor clean it.

If he had allowed his wife to select the range, she would have passed up such freaks and selected the Copper-Clad, because of its simple beauty.

She knows, too, how ranges rust from the inside. She

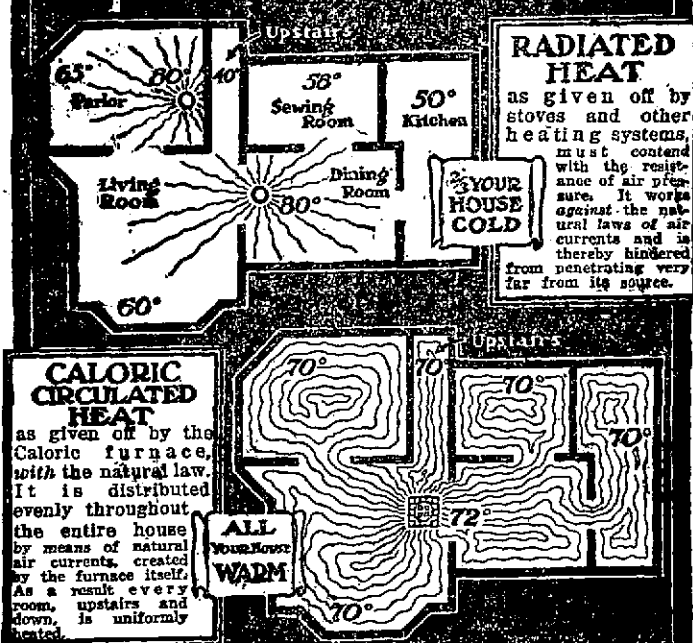

knows that the sheet of pure copper between the asbestos and range body doubles and trebles the life of a range.

This is the first of a series of stories about the Copper-Clad range. We want everyone—men, women and children—to know all about the Copper-Clad, and if you read these articles from week to week you will know exactly what Copper-Clad means. You will know what sweaty asbestos does to a range.

S. L. HUNT - Hardware

Keep Your Home Warm All Over

Take Your Choice!

Heat your entire home at less cost than heating only a part of it with stoves. You can do it with the Caloric Pipeless Furnace, which has revolutionized furnace heating by doing away with pipes. It requires only one register, on the ground floor of your home, and thru this every room is made warm.

The principle is simple and practical. As the heated air rises from the furnace thru the center of the register it spreads throughout the whole house, forcing the cold air down into the furnace. There it is purified by the intense heat, properly moistened by a special water pan and again rises and circulates into every nook and corner. This produces a delightful, warm and healthful atmosphere, of even temperature, in every room of the house. The

PIPELESS CALORIC FURNACE

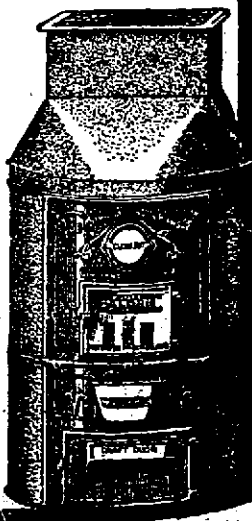

The Original Patented Pipeless Furnace

has numerous exclusive patented features that make it unequalled for heat capacity, economy and convenience. Easily installed in one day in any house, new or old. Burns any fuel. Takes little room. There is no smoke, coal, gas or dirt in the house—no heat-wasting, expensive pipes in walls or cellar. The cellar is always cool enough for storing fruits and vegetables. There is no fire danger—no bother to keep the furnace in first-class condition. We guarantee its satisfactory operation or we will take it out. We also guarantee a saving of at least one-third of your fuel bill.

Do not confuse the Caloric with other pipeless furnaces. It is not merely a furnace without pipes, but is built on an entirely new principle in furnace heating.

The manufacturers have put into it the experiences of ninety-nine years in business, and stake their reputation on its ability to meet every claim.

Come in and see this wonderful furnace. Ask for our book "Progress," which is a fully illustrated explanation of pipeless heating, and how this method is perfected in the Caloric Furnace. It gives every important detail about the heating and fuel saving. Let us show you this great furnace, and tell you whether it can be used in your house to advantage.

This Furnace

Was developed and patterned by a company now 100 years in business

All that time making heating and cooking stoves. This wonderful heating system is the outgrowth of experience and experiment. It is to be expected that something extraordinary should have resulted from an experience of so long a time. Now the Monitor Stove and Furnace Co. through its agents asks you that if you are thinking of installing a heating system, that you investigate this one way of warming the entire house from one register. It is by CIRCULATION not RADIATION as with a stove. This system is installed and positively guaranteed to be satisfactory to the purchaser, or will be taken out and price refunded after one year's use. This guarantee is signed by the president of the company and is their warantee, and not mine. Give me one chance to call on you and help you to solve the problem of selecting and installing a heating plant that will save one-third of your fuel bill. This system is guaranteed to do this by discharging all heat produced, direct into the house and by being properly located will equalize that heat throughout the entire house to an average of 70 degrees in the coldest weather.

Now we have the best thing known in heating to offer you and it's SERVICE YOU WANT. Give us a chance to figure you and we will do the best, giving the IRON CLAD GUARANTEE against being dissatisfied with the service we will render you.

Monitor Stove & Furnace Co. Cincinnati, Ohio

E. A. LEE, Agt.

P. S.—We have 25 in Rushville and vicinity and all are satisfied. If there is any complaint, let us know and we will correct same by inspection. It may be you have loose doors and windows, worn out door sills, and this all will admit more cold air than the furnace can handle; if so, strip windows and doors.

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Commissioners of Rush County, State of Indiana, will receive sealed bids for the construction of a bridge over the Rush River, Indiana, up until 2:00 o'clock p. m., on

SATURDAY, JUNE 7TH, 1919 for the erection of the Hooker Wilson Bridge and the Winship Bridge, all according to plans and specifications now on file in the Auditor's Office of Rush County, Indiana, for the inspection of bidders. All bids must be accompanied by bond as required by law. The Board reserves the right to reject any and all bids. Witness my hand and the seal of the Board of Commissioners, this 6th day of May, 1919.

WILLIAM H. McMILLIN, Auditor Rush County.

May 9 - 16 - 23 - 30.

EXECUTOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned executor of the estate of Margaret C. Windeler, deceased, that pursuant to the order of the Rush Circuit Court he will at 1:30 P. M. on

MONDAY, JUNE 3, 1919, at the law office of A. L. Galt, in Rushville, Indiana, offer at public sale the following described real estate located in the city of Rushville, Rush County, Indiana, to-wit:

Commencing at a point 411 feet south of the northeast corner of Lot No. 21 in Payne, Reeve and Allen Trustees' addition to the city of Rushville, Indiana; thence west to the west line of Lot 23 in said addition; thence south on said west line 411 feet; thence east to the east line of said Lot No. 21 in said addition; thence north 41 feet on said east line to the place of beginning.

TERMS OF SALE—Said property will be sold one-half cash on day of sale and the remaining one-half due six (6) months after date of sale, secured by the first mortgage on the real estate sold, drawing interest at the rate of 6% per annum, purchaser having the privilege of paying all of said purchase price in cash. May 23-29 FRANK S. WINDLER, Executor.

NOTICE OF INSOLVENCY

In the Matter of the Estate of Mary H. Gorman, Deceased.
In the Rush Circuit Court, No. 596.

Notice is hereby given that upon petition filed in said Court by the administrator of said estate, setting up the insufficiency of the estate of said decedent to pay the debts and liabilities thereof, the Judge of said Court did on the 14th day of May, 1919, find said estate to be probably insolvent, and ordered the same to be settled accordingly. The creditors of said estate are therefore hereby notified of such insolvency and required to file their claims against said estate for allowance.

Witness, the Clerk and seal of said Court at Rushville, Indiana, this 14th day of May, 1919.

GEO. B. MOORE, JR., Clerk.

LABOR DEPARTMENT ASKS LEGISLATION

War Has Shown The Great Need of Complete Statistics Along This Line

RECORD OF BIRTHS NEEDED

Washington, May 29.—With only 20 states collecting complete vital statistics, Labor Department and census officials plan to ask the next Congress for national machinery to record such facts, particularly births and deaths.

The war has shown the great need of complete national statistics along this line, officials say, and in this respect the United States is far behind European countries.

The greatest present need is the complete registration of births, as most states now make registration of all deaths compulsory. The only national registration of births, is through the Bureau of the Census, which accepts the state figures in states where at least 90 per cent of the births are recorded. Less than twenty states and the District of Columbia come under this classification.

During the war officials often asked for statistics of this sort, but few were available. Complete birth records in years past would have made possible the detection of several thousand slackers, who being near the age limits escaped service by false statements as to their ages. It is stated by the Provost Marshal General's office. Other were unable to prove citizenship through the incomplete records.

Meanwhile the Children's bureau

of the Department of Labor is urging that the present state registration machinery be made more effective. Cities also are being urged to keep complete records, and birth registration cards are now being sent out.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Acme Pig Meal

Equal to milk. Protein 28½ per cent. Is a full and complete ration, nothing else is fed with it. You know how pigs do when fed milk—that is how pigs do when fed ACME PIG MEAL—equal to milk. Start when the pigs will eat, it so takes the place of milk they will wean themselves at eight weeks of age, retain the BABY PIG FAT, prevents RUNTS and SET BACKS at the weaning time.

You can wean your pigs at eight weeks of age and wean them successfully and prevent the SET BACKS AND RUNTS if you will follow these instructions:

When your pigs commence to eat, build a "creep" and feed the pigs by themselves. Mix one part of ACME PIG MEAL with seven parts of water, and give your pigs, and only feed the amount they will eat. If any is left in the trough at night, feed to the sows, otherwise if left in the trough may sour.

Increase the ACME PIG MEAL as they require, feeding all they will eat, and by feeding the ACME PIG MEAL so takes the place of the sow's milk that the pigs will WEAN THEMSELVES with the sow at eight weeks of age, and thereby PREVENT THE SET BACKS, so common at the weaning time.

RUSHVILLE, INDIANA

ALL RUSH COUNTY BOYS ARE INVITED

Military-Physical Training to be Given During July and August at Camp Roosevelt

WILL BE A LIVING MEMORIAL

Instruction to be Essentially Military But Will Have Athletic Features

Boys from Rush county have been invited to take the course in military-physical training to be given during July and August at Camp Roosevelt near Muskegon, Michigan, under the direction of Captain F. L. Beals of the United States army. It is expected that 15,000 boys, young men and older men will undergo training there this summer.

Camp Roosevelt is intended as a living memorial to the principles of military and physical fitness which the name suggests and it is being established by the Chicago Board of Education with the sanction and support of the war department. Primarily, the camp is intended for the field training of the youths who are members of the Reserve Officers' Training Corps of the Chicago high schools, where more than thirteen thousand boys are receiving military-physical instruction as a part of their high school course. In order to stimulate general interest in military and physical preparedness, however, Camp Roosevelt will be all-American and recruits will be received from all parts of the country. At the executive headquarters of the camp, 21 North LaSalle street, Chicago, applications are steadily coming in from practically every state in the union.

The instruction at Camp Roosevelt will be essentially military, although recreative athletic features will serve to soften the rigor of strictly military program.

There will be training in drill formations, setting up exercises, bayonet practice, trench digging, grenade throwing, marksmanship, ground aviation, tank and motor service signaling, map making and all the kindred details of army life. These instruction classes will be given under the supervision of Captain F. L. Beals as commandant, with the assistance of forty commissioned and non-commissioned officers detailed by the war department for the Camp Roosevelt activities.

As a further co-operative step, the war department will furnish equipment for the camp and the recruits.

Although the camp is primarily for the boy of high school age, it will not be limited to this single group. Boys over twelve years of age will be admitted, and for the younger lads a special course of instruction in scoutcraft and woodlore will be arranged. The next class will be the boys of high school age who will follow out the military regime of army life. Young men who are out of high school and in the beginning years of business will constitute the next class and the fourth class will consist of business men up to forty-five or fifty. No age limit has been placed upon the business man. As long as he can follow out the military program and line up for "chow" three times a day he will be admitted and will be given the full benefit of the training.

The camp will be situated at Lake Harbor, near Muskegon, Michigan, one of the best known vacation points along the lake. Facilities for baseball, rowing, swimming, hiking, tennis and golf are accessible to the camp location and may be enjoyed by those who do not find complete interest and recreation in the intensive training program begin outlined by Captain Beals.

The health of the recruits will be fully safe guarded by a staff of physician and nurses. Religious environment will be supplied by the Y. M. C. A., the Knights of Columbus, the Jewish Welfare Board and other similar organizations.

The camp will open July 6 and will be conducted in periods of two weeks. No recruit will be accepted for less than two weeks, although enlistment may be made for two, four, six or eight weeks as desired. An enrolment fee of \$1.00 will be charged and there will be a daily charge of \$1.00 for each recruit for the training, mess privileges and other expenses. Beyond these charges, everything will be free to the recruits. The principal expense of the camp is being borne by a group of patriotic Chicago business men who are interested in giving the Chicago plan of military-physical training a thorough trial with the hope that other cities now investigating will adopt the plan and thus give the nation the basis for a constant supply of officer material in case such material should be needed in the future.

P. M. AND M. E. M. DEGREES

Rush chapter No. 24, F. & Masous, will meet Thursday evening at 7:30 o'clock and will confer the P. M. and M. E. M. degrees.

TO REPRESENT E. L.

Miss Magdalene Arbuckle and Miss Mary Louise Miller will represent the local Epworth league at the district convention of the society which will be held at Waldron June 9, 10 and 11.

WOMEN ASK FUNDS FOR FOREIGN HOSPITAL

Traveling Medical Units Are Promised Shortly For Relief in the Near East

BIG CAMPAIGN IS LAUNCHED

(By United Press.)

New York, May 29.—With traveling medical units promised for immediate relief in Serbia and the Far East, the American Women's Hospitals, the official war agency of the Medical Women's National Association, is conducting the last week of a nation-wide campaign for \$250,000, with committees in more than 300 cities and towns working towards the quotas assigned each state. New York and Illinois lead with quotas of \$50,000 each, Massachusetts and Pennsylvania have \$40,000, California, \$35,000, Michigan, Missouri, Ohio and Wisconsin, \$10,000 each.

Dr. Mary M. Crawford, Chairman of the Executive Board of the American Women's hospitals, has appealed to state and district chairmen to make a special effort this week to obtain dollar memberships among the general public.

At Cleveland, O., an eight-year-old boy signed his name as witness to the wedding of his grandmother.

WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office, or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills, and got relief. Eight bottles cured me." Safe, harmless; quick results. F. B. Johnson. Adv. 6
